Accident Occurs At Allison
Park As Train Is En-
route To New Castle

O. P. Smith of Lodi, O., and H. E. Scott of Akron, O., engineer and fireman on the Capitol Limited of the B. & O. Railroad which passes through New Castle Junction at midnight, met instant death when their locomotive exploded near Allison Park, enroute to this city, shortly before midnight Monday.

Scores of passengers enroute from New York to Chicago were shaken up and alarmed when the blast occurred but according to officials of the B. and O. none was injured and all were able to proceed to their destination.

Probe Accident

An investigation into the cause of the accident is now being made by officials of the railroad company. Although the train was proceeding at a fairly good rate of speed, having left the confines of Pittsburgh behind, automatic brakes brought the coaches to a quick stop.

The engine was hauled from the tracks by the force of the blast and some of the trackage was torn up. Passengers were not transferred but proceeded on their way in the sleeping coaches, which were re-routed between Pittsburgh and New Castle Junction over the P. and L. E. and thence westward over the B. and O.

Engineer Smith and Fireman Scott were well known among local B. and O. employees.

PA NEW OBSERVES

No new detours have been established in the local district, according to the new detour bulletin of the State Highway Department for the week ending June 23. There are no oiling operations in the local district this week.

At noon Monday, Pa. New noticed a tourist parked in front of The News that appeared to be a long ways from home. His auto had license plates on that read 1-X-29 Connecticut, in line one (left) after the other, which was rather odd and drew much attention.

One of the Pa. New family endeavored to "try" his new "sure death" to bugs and insects" remedy Monday when a large bumble bee came in through the window of The News office and decided to park. He immediately got the spray out and with a few shots of it, Mr. Bee keeled over. It was a success and the ambitious gardener decided it was just the thing for his rose bushes that have been literally eaten up by the pests.

Effective Today

(International News Service)

WASHINGTON, June 21.—Regulations for the enforcement of the taxes on telephone, radio, cable facilities, transportation by pipe line of oil, safety deposit boxes, checks and electrical energy were issued by Commissioner of Internal Revenue David Burnett today.

These taxes will yield about \$148,500,000 of the new revenue added by the revenue act of 1932, amounting to \$1,118,500,000. All but the tax on electricity are effective today. The electric tax is on energy furnished after June 21. All of the taxes are applicable until July 1, 1934.

Commercial and domestic electric energy is taxed 3 per cent. Industrial energy is not taxed. This includes that used in manufacturing, processing, mining, refining, irrigation, shipbuilding, building construction and by public utilities, waterworks, telephone, telegraph and radio companies, railroads and other common carriers. Evidence must be submitted to establish the right to exemption.

HANEY FURNITURE BURGLARS SENTENCED

Other Sentences Are Passed
By Judges Hildebrand
And Chambers

William DeMoss, Jimmie DeMoss and Theodore Favero were each sentenced to not less than five, nor more than 10 years to the Western penitentiary for robbery at sentence court, held by Judges Hildebrand and Chambers this morning.

The three men were implicated in robbing a Butler store on Croton avenue in this city, the Theodore Nicholas restaurant at Wampum and a hold-up of a butcher named Avery at Enon. Avery successfully fought off the trio and their arrest followed. At the Butler store they tied up the manager while they rifled the cash register.

Chicken Thieves Sentenced

Tony Johnsen, Charles Duecarter and Theodore Shiever, chicken thieves, were sentenced to serve six months to a year in the Allegheny county workhouse. Robberies were committed at the farms of Dr. Dale Jacobs and Isaac Heffner in Pulaski township. In sentencing the prisoners Judge Chambers said that he considered chicken stealing among the lowest form of larceny, as it robs farmers of one of the means of making a livelihood.

Penitentiary Sentences

Donald T. Wells and William Thompson, arrested by local police for breaking and entering the Haney furniture store on the public square, were sentenced to the Western penitentiary. Wells being given from two years and six months to eight years, and Thompson from four to eight years.

Both are married men. Wells said his wife lives in Pittsburgh and Thompson claimed his wife is in McKeesport.

Wells, who had been employed on the P. & L. E. railroad, said he had once been arrested on suspicion at Pittsburgh and had also been arrested at Akron, O., for stealing about \$12 worth of candy.

Thompson admitted having been arrested and serving time for breaking and entering a store at Pittsburgh. He had also been arrested for robbing box cars in Iowa.

In telling of the attempted robbery of the Haney store Wells said they had driven out from Pittsburgh, intending to go to Youngstown. They had only 40 cents and (Continued On Page Seven)

Today

(International News Service)

WASHINGTON, June 21.—The senate may write the final chapter of the \$150,000,000 Omnibus Economy bill today by accepting the report of conferees on the measure with house modification of the furlough plan of reducing the salaries of government employees.

Senator Jones (R) of Washington, chairman of the senate conference committee, planned to call up the measure during the day with a request for its adoption.

Although the conference report changed the bill as it passed the senate, and the furlough plan modified, Jones expressed the opinion that the changes are not vital.

Summer And New Taxes Arrive At Same Time

Following her age old custom, not a Spanish one, Summer is with us today, officially, and in the wake of lighter clothes, vacations, if any, early potatoes and camps along the creeks, comes something new. The increased taxes passed by congress recently go into effect today on your automobile, tires, tubes, gasoline, oil, your wife's face powder and cosmetics, matches, telegrams, yachts, etc. The increased postage rate goes into effect July 6.

In the past week there has been something akin to a mild rush for articles that come under the new tax rates. Motion pictures are taxed but not until they pass forty cents for an admission, which is more than New Castle theatres are charging.

Beginning today your bank balance will show two cents deducted for every check you draw. Stamp taxes on negotiable instruments are on, and the things listed in the tax schedule have a new selling price today.

"Jones pays the freight" and we're all members of that family.

FORMER ATTEMPTS
WERE BLOCKED

(International News Service)

ERIE, Pa., June 21.—Romance bloomed anew today for Roscoe (Fatty) Arbuckle, stage and screen comedian.

In a pre-dawn informal ceremony, Arbuckle and Addie McPhail, both now treading the vaudeville boards, were married by a justice of the peace early this morning.

The wedding was a successful culmination of several marriage attempts by the pair.

They arrived here yesterday afternoon from Cleveland where the five-day law prevented an early marriage.

Arbuckle, who gave his age as 45, found city hall deserted. Then an obliging reporter took the couple in tow and Register of Wills Ben Swartz was roused from his bed to issue a marriage license at 2:30 o'clock this morning.

The couple were taken before Justice of the Peace Walter E. Goodwin who rubbed the sleep from his eyes and pronounced them man and wife. It was Arbuckle's second marriage.

Immediately after the ceremony, Mr. and Mrs. Arbuckle motored to Cleveland.

HARRISBURG, June 21.—Solution of Pennsylvania's economic stress will be rested with the General Assembly.

A legislature convoked into extraordinary session for the second time in eight months will set itself once more to the task of allaying unemployment ills next Monday night at 9 o'clock. The formal call was to go out today.

Prescribed methods of relief will confront the legislators. The remedy they will be asked to apply is embodied in a 14-point program of legislation agreed upon by Gov. Gifford Pinchot and other political leaders. Two other points minus the agreement but favored by the governor will be submitted.

Plan Outlined.

Complete revision of government expenditures, primarily intended to balance the budget and thus effect restoration of the abatements in appropriations to state-aided hospitals and educational institutions and mothers' assistance funds, will be authorized in the call. Interpreted comprehensively, the program empowers the assembly to help political subdivisions to help themselves.

A general scheme of taxation was not included in the agreed program. (Continued On Page Two)

BULLETS NOT AS

John Malinowski, who sustained two bullet wounds Sunday night, when his wife fired her revolver at him several times and then turned the gun on herself causing a wound that resulted in her death, was today reported by the New Castle Hospital authorities and attending physicians as improving in a satisfactory manner. The indications are that he will recover unless unforeseen complications arise.

X-ray pictures taken yesterday show that the two bullets that entered his body were close to the spinal column, but have come in contact with no vital organs or parts of the body that might cause a serious complication.

However, the proximity of the bullets to the spinal column, many necessitate the removal of the same in the near future, to prevent a possible serious consequence owing to their position in the body.

CHICAGO, June 21.—The argument that a husband adored by a wife who weighs 300 pounds is a husband neglected when the wife weighs 150 proved of no avail today in Judge Daniel P. Trude's court.

And so Mrs. Jeannette Davidson was granted her divorce despite the protests of Julius Davidson who came all the way from their home in Toronto, Canada, to try to prevent the separation.

Davidson told the court his wife weighed 300 when he married her and is just half that weight now. "She just got down to a lovable size, Judge, when she forgot all about me and began casting her eyes at others," the man vainly pleaded.

TAKEN ILL ABOUT
TWO WEEKS AGO

James McCormick, Lawrence county's oldest resident and one of its most widely known and highly esteemed citizens, passed away Monday evening at 9:30 o'clock, after a brief illness due to his advanced age, at his home at Grantboro.

Mr. McCormick observed the one hundred anniversary on the second of February. More than half of his active and very useful life had been spent in Lawrence county on the farm, where he died, he having resided there for 57 years.

He had always enjoyed good health and was noted for his remarkable memory and excellent physical and mental condition for a man of so advanced years. He had been active about the farm where he resided until about two weeks ago, when the illness that resulted in his death first became apparent.

His passing through death from the life of the community in which he resided and of the county in general, leaves a vacancy that will be hard to fill.

Mr. McCormick was born in Ireland, February 2, 1832, and was something over four months past the age of one hundred. He was the son of the late Charles and Mary McGill McCormick.

He came to this country in 1865, coming to this district fifty-seven years ago. He was a member of St. Mary's Parish.

His wife preceded him in death twenty-five years ago. He was the father of fifteen children of whom the following survive him: Thomas, Patrick, Charles, Hugh, Daniel, Mrs. James Fee and Mrs. Harry Hegge, all of this district and Mrs. P. J. Harrigan of Grand Rapids, Michigan. He also leaves fifty-six grandchildren and fifty-six great grandchildren.

The funeral arrangements will be announced later.

Give the gal a hand for she promises much, vacations, and sports, what not, but she'll probably follow her last year's line and hand us days that are hot. But let her prove what she's going to do, she's here for a three month stay, give Summer a hand as she takes her bow, it's seventy eight today.

NO LIKELIHOOD OF THIRD PARTY

Borah Against Forming Third Party In Fall

Borah Says He's Against Hoover And Republicans, Plans Campaign

SENATOR NORRIS FOLLOWS BORAH

Idaho Senator Powerful Factor In 1928 Election, Remains As Arden Dry

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, June 21.—Having repudiated the candidacy of President Hoover based upon the Republican platform adopted at Chicago, Senator William E. Borah (R) of Idaho was reported today to lead a nationwide fight for a dry congress.

The break between President Hoover and Borah, which was disclosed in dramatic fashion by the Idaho senator in a speech in the senate, was declared by Borah's friends to be irreparable.

The bolt not only forecast a split in the ranks of the extreme dries but was regarded as the beginning of a possible revolt by the "Insurgent Bloc" of the senate because of the economic stand of the party.

No Third Party.
Borah indicated plainly he does not expect a third party to emerge from the present situation, but just as emphatically evidenced a determination to make himself heard during the campaign.

The Idaho senator, who was regarded as a powerful factor in bringing about the election of President Hoover in 1928, left one avenue open for the president. Mr. Hoover could repudiate the platform as Borah did.

While it was pointed out that Gov. Alfred E. Smith went beyond his platform in 1928 on the liquor question and other presidential candidates have repudiated planks in the party platforms, there is little expectation that Mr. Hoover will do so in formally accepting the nomination.

In Tough Spot.
The Republican platform, it was pointed out, was written by friends of President Hoover and much of it was submitted to him before the convention.

Borah's speech not only assailed the prohibition plank but declared the party platform is indefensible in its stand on economic issues. Senator George Norris (R) of Nebraska, who bolted Mr. Hoover in 1928, emphatically approved Borah's declarations.

"I will not be the only renegade this year," he said, making it plain that he will not support Mr. Hoover. Whether he supports the Democratic candidate, he said, depends upon whether the party names "an-

other Hoover." He classed as "another Hoover" Owen D. Young, Newton D. Baker and Gov. Albert Ritchie of Maryland.

"I do not see any likelihood of a third party," said Norris. Prohibition alone, he said, would not start a third party movement.

PA NEW OBSERVES

too short to see how much he tipped them.

It's only 13 more days until the Fourth of July and so it's rush and more rush at local fireworks plants. A shipment of crackers was seen on the platform of a railroad depot here yesterday, a crate full of fun for many a tot probably.

Gardens and lawns are beginning to show new life with the rains of the past few days, and are most welcome to the farmers.

A large number of men are employed at the job of putting in the foundation for the new Woods block at the corner of Mill and Washington street. The place is a veritable bee hive of industry.

Two more weeks and the Fourth of July will be here. Pa New observes that a number of roadside stands outside the city limits have fireworks on sale.

The weather was sure hot yesterday but to see a stove sitting on the corner of the Washington street bridge, made it look more hot than ever. When Young Pa New was walking over the bridge yesterday, he saw the stove sitting there with all of its accessories attached. It was only minus the smoke.

Work on the new bridge at Willow Grove is progressing very well, but due to the huge amounts of dirt that are being piled up along the road side, motorists will have to be on the alert and be careful where they are driving.

Yesterday's high temperature of 91 degrees set a new mark for the spring, but was followed by cooling showers which brought relief last evening. Local streams are up today because of the rain.

Wednesday, June 22, according to the calendar on Pa New's desk, is the longest day of the year and also, the first day of summer.

It is taking motorists a long time to learn which highway has the right of way at Harlansburg and now the state patrolmen are endeavoring to help them along by making arrests. It seems to be the only way to educate the drivers that all rights go to the Perry highway travelers.

Did you see last evening's beautiful sunset? Blue skies spanned with old rose and scarlet such as that could not be beat by any in Bermuda or California or Mandalay.

Bonfires, tents and sizzling strips of bacon seem to call hundreds of New Castle people away from their homes these days. It is camping season and the woods are alive with campers. If you don't believe it, take a ride out of any of Lawrence county's roads tonight and count the bonfires.

A little white poodle on North Mercer street went through an ordeal this morning and was glad to get out of the unsympathetic clutches of a small boy. The boy had evidently tied a rope on the poodle's tail. After the poodle raised such a rumpus that attracted the attention of pedestrians and a police officer, the dog was released.

Clankety-clank over East North street this morning there traveled a very small young lady proudly wearing an old pair of her mother's shoes, high heels, pointed toes and quite classy in the opinion of the youthful wearer.

DEMOCRATS ARE PLEASED WITH BORAH'S STAND

(Continued From Page One)

knowing quarters that he will take his place on the sidelines along with Borah and the campaign of 1932 will not hear his persuasive voice.

Peering ahead into the fateful months to come, a good many thoughtful Democrats are beginning to wonder if the best solution to the party dilemma might not be the elimination of both Roosevelt and Smith and an early decision on some one else—Newton D. Baker, Speaker John N. Garner, Albert C. Ritchie, or perhaps even some one else who yet has not figured so prominently.

The untirred Democrats have a penchant for knocking down favorites in these national conventions.

Recall Bryan.
No one in the convention of '96 ever thought that William Jennings Bryan would rise in his obscure press seat and stampede the convention out of the hands of the leaders. But he did.

Champ Clark had a majority at Baltimore, but Woodrow Wilson was nominated. In San Francisco, in 1920, McAdoo and Palmer battled each other into exhaustion and the convention finally picked James M. Cox. In 1924, it was McAdoo and Smith who fought themselves out of the picture during three hot weeks and 103 weary ballots, with John W. Davis coming along at the last moment to snatch the prize.

So it may be that Chicago will see history repeating itself this year.

Roosevelt Favorite.
Gov. Roosevelt is the favorite. He has so many more delegates than anyone else that there is scarcely any comparison, but the opposition to him is deep-seated and it is of the last-ditch variety, which is more than can be said of a good part of the Roosevelt strength. There are many Roosevelt delegates of whom the Roosevelt managers feel none too sure—especially if it comes to an endurance contest.

The situation is ripe for history-making in this Democratic convention.

DISARM, OR EXPECT NO DEBT REDUCTION U. S. TELLS FRANCE

(Continued From Page One)

envoy to Belgium, and Norman Davis, advisory expert to the American disarmament delegation, met in secret with Premier Edouard Herriot and War Minister Joseph Paul-Boncour of France.

They laid their cards on the table, free from interruption and from the need of restricting themselves to the stilted phraseology of diplomacy.

Gibson, in the role of spokesman for the Hoover administration, told Herriot that but one course was open to France and to Europe if they expect sympathetic reception in Washington to their agitation for war debt cancellation or reduction.

Must Disarm.
This course he described in a single word, disarmament.

Ambassador Gibson opened the conclave, a meeting paralleling in some respects the historic locarno conversations which ended in a Franco-German rapprochement, by outlining America's favored plan of disarmament by reduction of all classes of military effectives.

Herriot replied bluntly that France under no circumstances could countenance quantitative reduction of arms.

This gave Ambassador Gibson his cue. A statesman of vast experience both in the circuitous phrases of international diplomacy and the more effective language of direct

action, he launched into his ultimatum.

The United States, he pointed out, fully expects to be asked to consent to sacrifices in war debt collections as the inevitable outcome of the Lausanne conference.

Europe Must Act.
But, he added, American public opinion will not consent to any such sacrifices unless Europe agrees on her part to cut down the overhead of war machinery.

He confronted the French statesmen with the blunt truth that Europe today is spending more on armaments each year than she would have to pay to clear away her war debts fairly and squarely.

Gibson, it was understood, made no promises as to what might follow if Europe decided to curtail her armament expenditures. But he made no secret of the fact that Europe can expect no concessions from the United States unless such action is taken.

The Morges Parley, carried out with a secrecy almost without parallel in modern diplomacy, struck Lausanne with the force of a bombshell. Observers predicted that the American ultimatum was bound to have immediate effect, and an official pronouncement from Washington, expected shortly, was awaited with keen interest.

Observers saw in the parley the possibility of close Anglo-American collaboration.

Prime Minister J. Ramsay MacDonald of Britain was reported to have talked to the trans-Atlantic telephone with President Hoover, speaking from Ambassador Gibson's Villa at Collingwood, before the parley took place.

The village of Morges was chosen for a number of reasons. The chief one was the fact that Ambassador Gibson desired to remain away from Lausanne while the reparations conference is in progress, in keeping with the American administration's attitude of aloofness.

In addition, the scene of the conference lay somewhat off the beaten track, enabling the statesmen to meet without fear of interference. Their unusual desire for secrecy was attested to by the fact that they left their own official automobiles at home and used hired cars for the journey to Morges.

While the meeting was in progress, the chauffeurs, acting under orders, passed out of sight behind a clump of trees. There they waited until the early hours of this morning when the meeting broke up, with the American attitude made crystal clear and the whole problem of debts and disarmament thrown rudely into the lap of France.

SPECIAL SESSION WILL TAPE UP PROGRAM FOR PROVIDING RELIEF

(Continued From Page One)

The legislators, however, may resort legally under the terms of the call to restricted tax-levying enactment if such is found necessary to provide relief.

Two points refer to taxation, but neither would affect directly the individual taxpayer. One point would allow for revision of the methods of taxing foreign corporations so as to compel them to pay more nearly on equality with domestic corporations. The other would eliminate the exemptions from the eight-mill gross receipts tax now granted natural and artificial gas, water and steam heat companies.

A graduated income tax will be proposed. This is excluded, however, from the items which conferees are expected to support and will be submitted without comment from the conference. Revenue from this tax could be used for school purposes only, the state retaining one half for expenditure, the other half being turned over to subdivisions.

The second proposal to be submitted without comment from the conferees is a \$50,000,000 bond issue for road building.

Road Program.
The program is far broader in its scope than any of the group proposals that had been advanced by legislative blocs or individuals. Relief is extended into years rather than months. Every political subdivision is affected generally and Philadelphia specifically.

Constitutional amendments would be invoked on a far-reaching scale, most important of these probably being the act which would permit the commonwealth to participate in federal aid.

The session will be of indeterminate length, but with bills covering the entire program prepared for introduction as soon as the legislature convenes Monday night political spokesmen believe the bulk of the work will be expedited and the assembly may adjourn in about three or four weeks.

Agreement on the legislative program was reached last night after conferees had reconvened following

a supper recess of their conference which began at 3 o'clock in the afternoon.

Pinchot's Announcement.
Governor Pinchot announced after the conference:

"There is a definite agreement on the part of all the conferees, the state organization, the Philadelphia organization and the state administration to push these 14 bills which have been approved. This does not mean, however, that there can not be a word changed anywhere. There probably will be a small number of amendments. But so far as the main purpose and the main outline of the bills go, they are all approved and we are all pledged to support them."

The program agreed upon follows:
1. A bill permitting all cities and other political subdivisions to make in 1932 emergency loans against uncollected delinquent taxes for unemployment relief and to pay the salaries of full-time employees; also to refund such loans annually on an emergency basis for the four years, 1933-1936, inclusive.

2. Constitutional amendment providing for the following state loans:
(a) A loan in the amount to be determined by the legislature to reimburse counties, cities and poor districts for amounts previously expended by them for food, clothing, fuel or shelter for the unemployed.

(b) Twenty-five million dollars to meet the expense of the state government during the two-year period beginning June 1, 1933, if the 1933 session of the legislature determines such a loan to be necessary.

(c) Loans from the federal government, if and when the legislature authorizes the governor to make them.

3. An act allowing all political subdivisions of the state by ordinance to permit local taxes to be paid in monthly instalments.

4. An act extending the borrowing power of Philadelphia.

5. An act giving all political subdivisions of the state more effective power to collect delinquent taxes.

6. An act allowing the council of Philadelphia to fix the number and compensation of employees of Philadelphia county.

7. An act of restoring appropriations for mothers' assistance, hospitals and universities abated by the passage of the Talbot act.

8. An act revising the method of taxing foreign corporations so as to compel them to pay more nearly on an equality with domestic corporations.

9. Eliminating the exemption from the eight mills gross receipts tax of natural gas companies, artificial gas companies, water companies and steam heat companies.

10. Reduce state building appropriations.

11. Authorize the creation of limited dividend housing corporations to build small dwellings for workers in large cities, maximum rentals to be fixed by legislation.

12. Authorize the secretary of banking to pledge assets of closed banks for loans from the Reconstruction Finance corporation and authorize him to lease real estate of closed banks for terms not exceeding ten years.

13. Authorize building and loan associations within certain limits to borrow from the Reconstruction Finance corporation.

14. Approve a constitutional amendment authorizing the state to distribute whole or in part among political subdivisions any tax collected by the state.

To Speed Session.
Harrisburg, June 21.—Anxious to expedite the session of the special session as much as possible, Gov. Gifford Pinchot will address the House and Senate jointly when they convene next Monday night instead of Tuesday at noon.

By custom, the governor's message to the legislature has always been given at Tuesday noon following the Monday night convening.

The entire series of bills covering the points upon which the conferees have agreed as subjects for consideration have been prepared by Attorney General William A. Schnader and will be introduced in both Houses on Monday night.

Governor Pinchot said this morning he had not yet started to work upon the call which will convene the legislators but that he expected to consider it during the day and to issue it as early as possible.

clude any order in writing, drawn upon a bank, banker or trust company, requiring the person upon whom drawn to pay a certain sum of money, to order or bearer, whether on demand, at sight or at a fixed or determinable time. The fact that banking facilities afforded are incidental to any other business carried on will not avoid liability to the tax. Travel or travelers checks are subject to tax. Coupons relating to travel bonds are not taxable nor does the tax attach in the case of the withdrawal of money in savings accounts where the item is reflected as an entry on a pass book and where withdrawal is evidenced by a receipt.

Telephone messages are taxed 10 cents on those costing 50 cents to \$1; 15 cents, \$1 to \$2; and 20 cents \$2 or over; telegraph messages five per cent; cable and radio, 10 cents. The tax applies on photographs, telephotos, quotation and news ticker services, teletypewriter service, stock and commercial news service. Newspaper and press association messages for the dissemination of information of news are not taxable.

On the transportation of oil by pipe lines the tax is four per cent of the charge. This applies to transportation by carriers either public or private. If the movement is from storage tanks to stills, part of the same unit, or from wells to flow or storage tanks, no tax attaches.

The tax on safety deposit vaults is ten per cent of the cost and applies to all of less than 40 cubic feet capacity.

Deaths of the Day

Mr. McClenahan's Funeral.

Funeral services of the late Robert McClenahan of 21 Glenavenue, Youngstown, O., were held Monday afternoon at two o'clock, Eastern Standard Time, at the Orr Funeral Home, Lincoln avenue, Youngstown. The services were very largely attended and the floral tributes were many and beautiful.

The services were conducted by Rev. Don Montgomery, pastor of Pleasant Grove U. P. church, Youngstown. Dr. James McDonald, pastor of South U. P. church, Youngstown, and Rev. Moore of the Tabernacle U. P. church of Youngstown. Interment was made in the family plot in Oak Hill cemetery, Youngstown, O.

Harry Phillips Funeral.

Funeral services for Harry J. Phillips, R. D. 5, were held Monday afternoon from the home of his sister, 19 West North street, with Rev. Swogger of the Wesleyan Methodist church officiating. A quartet from the Baptist church: Mrs. Stanley Reese, Elizabeth Owens, D. S. Williams and Paul V. Arow, sang.

Interment was made in Gracefield cemetery. Pallbearers were S. H. Eckleberger, Ralph Campbell, Francis Nolte, Ray Nolte, Clarence Spencer and Harry Wright.

Jackie Lee Cox.

Jackie Lee Cox, infant son of Lester and Leona Irwin Cox of Newham township, New Castle R. D. No. 3, passed away at his home on Monday. He was born there June 20, 1932.

He is survived by his parents and three grandparents, Mrs. Lucy Cox and Mr. and Mrs. John Irwin. Short funeral services were held this afternoon at the residence of Rev. C. B. Winger, pastor of the Central Presbyterian church, in charge. Interment was made in Oak Park cemetery.

Mrs. Eliza Dangerfield.

Mrs. Eliza Dangerfield, of 614 West Washington street, well known and highly esteemed resident of this city, passed away at her home Monday, June 20, 1932, at 6 p. m. D. S. T., of a complication of diseases that followed a lingering illness.

Mrs. Dangerfield was born in England in 1874, the daughter of David and Eliza Wheale and was 58 years of age. She had been a resident of this city since arriving in this country thirty-seven years ago from England.

She was a member of Martha Washington Lodge, No. 24, L. L. O. I. W. B. A. No. 98, and Royal Neighbors of America.

She is survived by her husband, Enoch Dangerfield, two daughters, Mrs. D. S. Hahn and Mrs. P. A. Watkins and three sons, Everett, William and Harold Dangerfield, also the following brothers and sister, Daniel Wheale, New Castle, Stephen Wheale, Aliquippa, David Wheale, St. Paul, Minn., Mrs. Thomas Mann, McKeesport, and the following grandchildren, Geraldine Watkins, David Hahn and George Hahn.

Funeral services will be held Thursday, June 23, 1932, at 2:30 p. m., at the late residence, 614 West Washington street. Interment will be made in Oak Park cemetery.

WILL GIVE OUT PLANTS WEDNESDAY

Another allotment of plants, tomato and cabbage, which were secured from the County Welfare Department, will be available for distribution at the rooms of the City Rescue Mission on South Mercer street tomorrow.

These plants were secured by the Red Cross and Associated Charities from the county and were grown at the county home. It is expected that there will be enough plants available to supply the demand of unemployed gardeners.

Police Will Seek Park Vandals

Vandalism At City Parks Vexes Genkinger And Mayne

Mayor Charles Mayne sometime today will dispatch policemen to Gaston Park and other municipally-owned sections to erect signs reading that the city intends to prosecute any persons who commit acts of vandalism.

For some time park attaches have been reporting acts of vandalism to Councilman Genkinger, superintendent. Following a conference with Mayor Mayne it was decided to have police watch the parks. It was also decided to erect warning signs.

It has been reported that on several occasions attaches of the city grounds have found newly planted trees cut down or uprooted and recently according to Genkinger several gray squirrels were killed.

CHAPTERS OF O. E. S. PLANNING BIG REUNION

Plans are fairly humming for one of the biggest outings ever undertaken by local chapters of the Order of Eastern Star when they gather at Cascade park on Wednesday, June 29, for a reunion.

The chairmen in charge include the following: Shenango chapter No. 33, Mrs. Mae Young; Cathedral chapter No. 440, Mrs. Lillian Templeton; and New Castle chapter No. 105, Mrs. Anna Wagner, the latter who is general chairman of the whole affair.

Activities will begin with a program of interesting races, contests, stunts and various sports that will prove amusing for all members of the family, young and old, for which appropriate prizes will be given. Those who have taken over this feature are, No. 33, chairman, Mrs. Howard Erwin; No. 440, chairman, Miss Mildred Updegraff; and No. 105, chairman, Miss Martha Bigley. Special attention will be given the youngsters, and a number of surprises are in store for them.

At 6:30 o'clock dinner will be served in the park grove with the following being appointed on table committees, namely, Mrs. Laura French and Mrs. Mollie Crowl for New Castle chapter, Mrs. Jean Henley, Mrs. Olive Hewitt, Mrs. Ruth Gee, Mrs. Emma Leslie and Mrs. Nellie Ray for chapter 440, Mrs. Evelyn McKibben, Mrs. Marie Hartland and Mrs. Maude Love for chapter 33.

After dinner, members, their families and friends who will participate will take over the fun house and other park amusements.

It is expected that many members from out of town will also be present on this occasion.

A beautiful prize will be given the past worthy matron who has the largest number of her officers out on this date.

Club to Picnic.

Members of the Butler Girls club will have a picnic supper Friday evening at Cascade park at 6:30.

Mrs. R. L. Coulter and Mrs. Bertha Ort will be in charge of arrangements.

RECENT BRIDE HONORED AT SURPRISE SHOWER

Honoring Mrs. Frank Miller, a bride of recent date who will be remembered as Hazel Allen, associates of the 1929 Five Hundred club gathered at the home of Mrs. Sara Wallace who resides on Wildwood avenue, and tendered her a surprise miscellaneous shower.

The leisure period was devoted to a contest in cards, and at conclusion of play prizes were presented to Mrs. Miller, Mrs. Wallace and Miss Irene Perry for honors.

At a suitable hour, the guests were ushered into the dining room where they were served a delicious lunch at a large table nicely appointed. The hostess was assisted by Miss Elsie Stevenson, Mrs. J. F. Titus and Miss Perry with the menu. Following the feature of the evening occurred when the guest of honor was presented with a collection of beautiful gifts in behalf of those assembled.

The club will meet again in two weeks, the place to be announced.

TAYLOR-HAMILTON WEDDING AT JEANNETTE

New Castle friends will be interested to learn of the wedding of Mrs. Cora B. Taylor, a former resident of this city, and C. L. Hamilton, Detroit, Mich., which took place Thursday, June 16, at the home of Mrs. Taylor's daughter, Mr. and Mrs. F. A. Brown, at Jeannette, with Rev. Glenn Crawford of the Jeannette Presbyterian church officiating.

Mrs. Taylor had just returned from a winter in Florida, Mr. and Mrs. Hamilton will reside at Detroit, Mich.

Aiken Reunion.

The annual reunion of the Aiken family will be held at Cascade Park on Saturday, June 25. Dinner will be served at 12 o'clock E. S. T. in the grove with the usual routine following.

MISS EAGAN HONORED AT BRIDGE-SHOWER

A delightful party of Monday evening was the bridge-shower given by Miss Ada Miller at her home, 1706 East Washington street in honor of Miss Kathryn Eagan, a bride-elect of this month.

Cards filled in the early hours in a pleasing manner with Miss Dorothy Colgan being presented with the prize for holding high honors. Miss Lois Banks, a special guest of the occasion was the recipient of a lovely hostess gift.

Concluding the entertainment, a Western Union messenger knocked at the door, and was admitted. He held a huge package for Miss Eagan, and when unwrapped revealed a number of beautiful gifts to use in her new home.

In bringing the evening to a close, the hostess assisted by Mrs. C. E. Miller and Miss Grace Streib served a delicious lunch. The individual tables were decorated in nuptial suggestions, and were most attractive.

CHAPTER CHOIR MEETS MONDAY

The members of the choir of New Castle chapter 105 of the Order of Eastern Star were entertained Monday evening in the home of Miss Mary Harvard, director, Euclid avenue, with a period of music followed by cards, with four tables of bridge and one table of 500 in play.

Prizes were awarded Miss Mae Thomas and Miss Lillian Henry at bridge and Mrs. Lillian Solomon and Mrs. Ann Davies scored high in 500 and were presented with prizes.

Special guests were Mrs. Susan Houston, Mrs. Ora Muse and Misses Mary and Martha Bigley.

A delicious lunch was served by the hostess, assisted by Miss Elizabeth Harvard and Mrs. Fred Lockhart.

Beautiful roses in all colors were cleverly used in decorating the rooms of the home and on the refreshment tables.

EVENING BRIDGE AT FIELD CLUB THURSDAY

Mr. and Mrs. E. A. Fenton have been party hosts for the evening bridge party to take place Thursday at the New Castle Field Club house, for the entertainment of its membership.

Play will begin promptly at 8:30 o'clock, and prizes will be given those winning honors. Lunch will be served at the close of the evening.

Return From Conneaut.

Mrs. Mary J. Rowland of Crawford avenue, Mrs. P. J. Rowland and daughters Gladys, Mary, Olive, Gertrude and Pepper of Superior street, accompanied by Miss Margaret Plush of Beckford street, have all returned to this vicinity after a week's camping trip at Glenn cottage, Conneaut Lake park.

McConnell Reunion.

The 37th annual reunion of the descendants of Dennis and Bridget McConnell will be held at the Millburn grange hall, Mercer county, on Friday, June 24.

M. AND M. MEMBERS GUESTS MONDAY EVE

Miss Gertrude Cromie entertained members of the M. and M. club in her home on the Harlansburg road last evening with cards forming the main diversion. At the close of play lovely prizes were presented to the Misses Geraldine McClelland and Kathryn Preston for winning honors. At a late hour the small tables were rearranged and appointed in tones of pink and white where a delicious repast was served by the hostess, assisted by her sister Mae and mother, Mrs. Cromie.

A short business period was held and plans discussed for future activities, definite announcement to be made later.

RETURN FROM V. F. W. ENCAMPMENT EVENT

Among those who attended the V. F. W. Encampment held at Hazelton, which was the outstanding event of this nature in the history of this organization, was Mrs. Orville Potter, Color Bearer No. 2 of South Walnut street, Mrs. David Cox of Butler avenue and Mrs. William Evans of Harrison street.

They report an interesting trip, and state that approximately 5000 participated. Mrs. Potter took part in the parade which was said to be one of the largest of its kind ever seen.

Enroute home they visited with relatives of Mrs. Evans at Monteno, City.

Picnic At Cascade Park

Members of the Young Ladies Sodality of St. Monica's Catholic church in Wampum, held their annual picnic at Cascade Park June 19. Forty-eight enjoyed the activities. The committee in charge and assistance given by Charles Nero and Mark Johnson added to the success of the affair.

Those who participated included: Katherine Aiello, Trunnie, Maelia, Elizabeth and Rose Beatrice, Amanda Binger, Josephine Bichelle, Violette and Mary Cheni, Irene Caughey, Track Cook, Fannie DeMaio, Mary DeMaio, Minnie Pulmer, Angeline and Mary Ferrante, Paulina and Antonette Ferrucci, Catherine and Antonette Gilliard, Verna Gummery, Mary Harvatine, Mary Ann, Betty, Margaret, Mare E. and Nellie Ippolito, Margaret Krasvic, Mary Kosior, Pauline Kolick, Nora Leopardo, Mary Meli, Anna Monaco, Mary Ann, Helen and Angelina Pozzuto, Mary Porter, Trunnie and Jennie Scala, Mary Sayer, Lucille, Anna and Mary Scholzas, Mary Summers, Clara Tomon, Lena Trivillina, Mary Vitri and Helen Yarsbenky.

Endeavors Picnic.

The ardor of the members of the Christian Endeavor society of the Central Presbyterian church was not in the least dampened by the rain of Monday evening, for in the midst of it 50 members assembled at the church and moved to Etna Springs for the annual outing.

The dampness of the evening was a delight, for the young people donned bathing suits and frolicked in the water for a period before the serving of the picnic supper.

Misses Blanche Bright, Eleanor Lowry and Mary Elizabeth Jenkins and John Thompson were in charge of arrangements.

Tennis, horse shoe pitching and swimming occupied the after supper hours.

The picnic outing closed the social season for the young people until September.

Entertains Relatives.

Mr. and Mrs. John Copper of Princeton, entertained a few relatives in their home on a recent evening in honor of the thirteenth birthday of their daughter Edna Margaret. The hours were delightfully spent informally, and tempting refreshments served.

Those present were Mr. and Mrs. George Jones, Mr. and Mrs. George Amiller and daughter Dorothy of Beaver Falls, Mr. and Mrs. Frank Jones of Savannah, Mr. and Mrs. L. J. Copper, Mr. and Mrs. Ralph Copper and family, Mr. and Mrs. John Copper and sons George and Clyde, and the guest of honor who was presented with a number of lovely gifts.

Class Picnic.

Monday evening sort of cut short the plans for picnic outings with its downpour of rain, but in spite of the dampness the members of the True Blue class of the First Methodist church journeyed to Lakewood beach and enjoyed a period of swimming before they served a picnic supper. The arrangements for the evening were in charge of Mrs. Evelyn Burleson and Melvin and Gladys Bidgle, and after a period of chat the girls returned to their homes.

Sewing At Jameson Hospital

Wednesday morning, from 9 to 12 o'clock members and officers of the Executive Board of the Jameson Memorial Hospital Aide Society will gather at the hospital and sew on articles to be used in the institution. Also, other women in the city who wish to participate are extended a cordial invitation to be present on this date.

Guests Here

"Sound" Conductor

Miss Addi Prohaska

A dark-eyed girl from Hamburg, Germany, has come to the United States to take a new and unusual position. She is to be "sound conductor" for the open air opera to be given in Cleveland Stadium June 29-July 6. Miss Prohaska is gifted with an unusual ear for music. Up in the press box will be the biggest mixing box ever constructed to mix sounds. She will operate the dials which control 28 microphones which are spotted on the stage. By a turn of a button she will "bring up" one instrument in the orchestra or the voice of a singer that would not otherwise be clearly heard.

U. C. T. AUXILIARY PLANS FOR OUTING

Plans are complete for a ham fry to be held by the Ladies Auxiliary of the United Commercial Travelers on Thursday noon at Cascade Park. Those planning to attend will bring service, and the menu will be served in the grove at 11:30 o'clock D. S. T. This will be the last gathering until the fall season.

Class '30 Committee Meets.

In discussing plans for the Alumni outing for the New Castle Senior high to be held July 1 at the Cathedral, the committee in charge of the class of '30 met Monday evening at the home of Mrs. Rachel Taylor of Sheridan avenue. Neil C. Sturdy, chairman, and the following were present at this session—Eleanor Rohrer, Helen Brown, Joe Lockley, Allan Garvin, Clarence McHattie, Mary Felton and Mrs. Taylor.

From Chicago, Ill.

Mr. and Mrs. Harvey T. Munn of Chicago, Ill., are house guests of Mrs. Munn's mother, Mrs. Harry Lusk, of 303 East Edison avenue. They will make a stay of several weeks here.

HEATED TERM A SEASON FOR GREAT CAUTION

WHAT is so perfect as a day in June? asks the poet. "Then, if ever, come perfect days." But early June of 1932 turned on the heat for several days to a most alarming degree, and as a result the State Department of Health, became concerned about the matter of deaths from excessive heat during the coming summer. Dr. Emlin Jones, Chief of the Bureau of Vital Statistics, in preparing data for Dr. Theodore B. Appel, State secretary of Health, announced that 285 persons had died from this cause during the year 1931.

While excessive heat as a cause of death is no respecter of persons, age, sex, or color it is noted with great interest that 170 of these deaths were of persons between the ages of 55 and over 75 years. Hence the first reaction to the value of these figures is the suggestion that persons beyond the age of 55 should constantly keep in mind the danger of excessive heat, and plan their activities accordingly. While there were doubtless many contributing causes among these older persons who lost their lives in this manner, the records show that in 35% of the cases, "heat exhaustion" was given as the actual cause of death.

The age of least danger from excessive heat, according to the records, is the period from 1 year to 29 years of age. Of the 285 deaths, only 32 occurred in that age period. After that time, the count mounts rapidly. Eighteen infants, under one year, succumbed.

Dr. Jones, having given study to this matter, comments: "Not the least of the summer dangers is the extreme heat of that season. Persons unused to strenuous exercise should avoid tennis, golf or any other sport in the heat of the day. Even those persons who are accustomed to hard physical labor should be careful when the weather is excessively hot. Such precautions should be heeded especially by people who know, or suspect, that they have a heart condition. In 1931 32% of the death certificates from excessive heat, gave some disease of the heart as a contributory cause. It is from the older people that heat takes its heaviest toll, due to a great extent to their lowered resistance, cause by degenerative diseases. A little thought on a very hot day, may save a life.

The cities furnish 65% of the heat fatalities, and the country 35%, according to Dr. Jones.

WAR ON CANCER

Scientists at California Tech have caged in a vault of lead and concrete a gigantic 1,000,000 volt X-ray tube, so powerful its full force would burn a man to a crisp. It is two feet in diameter and 14 feet long. The "fountain pen electroscope," as it is called, was invented by Dr. C. C. Lauritzen, who invented the X-ray machine and a special X-ray tube for research in scientific fields other than medicine.

Great things are expected of this remarkable machine in the study, treatment and cure of cancer. More than 150 cancer victims are being used in the experiments which have proved highly satisfactory to date. Medical science does not intend to surrender in its battle with cancer if it fails to discover the cause of the dread disease. It is working just as hard to find a cure as it is to determine the cause, and has placed its greatest faith in the X-ray and radium. Perhaps California Tech's "fountain pen" will write finis to the cancer menace.

GENERAL DAWES ON BUSINESS CONDITIONS

General Dawes is a shrewd and competent observer; and when he says that "we have reached the turning point of the depression" his words will give much encouragement. True, the turning point has been many times predicted and as many times postponed. Perhaps we have been looking for it in the wrong quarter. So, at least, General Dawes evidently thinks. "The recovery in the depression," he says, "will start from the bottom up, not from the top down." Small business enterprises with low overhead expenses are already showing improvement. Eventually the larger ones will follow.

This has not been the common theory; but General Dawes expounds it rather convincingly. "I would attribute much more importance," he says, "to the increase in electric power consumption during the last two weeks than to stock or bond quotations." It may well be that we have had our eyes too steadily fixed upon Wall Street as the barometer of trade. As the General puts it, the average man's business is the main factor in the situation. Improvement here means increased buying power and consequently increased means to buy. There are no doubt other factors to be taken into account; but this is by no means to be overlooked.

VILLAGE COMING INTO ITS OWN

The American village once more is coming into its own. In the early history of the country the village played a much larger part than the city. For the past quarter of a century the village has been lost sight of somewhat because of the spectacular growth and increase in the number of big cities.

But Dr. Luther Fry, who may lay claim to being an authority in sociology, has written a book entitled "American Villagers," in which he makes out a pretty strong case for the desirability of living in the smaller centers of population. He says the number of villages is increasing rapidly and the character of their population changing.

The village population of the country is of an importance not to be slighted, according to Dr. Fry's estimate. He says there are 18,900 villages and their total inhabitants numbering nearly 13,000,000. That means that about one-tenth of all the people in the United States live in villages.

And Dr. Fry thinks there are decided advantages in village life. There are more home-owners in the villages, he says, a larger percentage of the boys and girls go to school, the ordinary man has a better chance to become his own boss, and women find more opportunities to engage in business and exert public influence.

The future of the American village, Dr. Fry thinks, is highly promising. He estimates that the number of villages in the country increased nearly 45 per cent during the period 1900 to 1930, and this growth, he says, was caused by removal of inhabitants from cities as well as from the country.

"It may be," says Dr. Fry's book, "that America is at the beginning of a new agricultural era in which farmers more and more will come to live together in villages to enjoy greater social advantages."

After the world had decided the recent set-to at Shanghai was a set-up somebody has to start an argument by calling it a setback.

Hills to Climb
Jobs to Be Done
And the Road Never Ending

By MARSHALL MASLIN

We talk as if everything were finished. As if we had come a long way, up through the ages, to stand at last, our journey ended, on the summit of the hill we saw so long ago.

We know we're imperfect. Know we have our weaknesses and our dreadful foolishnesses. No preaching man need tell us about them. We can see them for ourselves. We know what they are.

But somehow we seem to be always assuming that the human race has reached its goal at last and ought to be able to lie down, now, and look at the long road it has traveled—see the twisting and turning—see the swamps and the precipices—see savagery and barbarism and wars and wickedness and failure and triumph—and rest our weary bones in humble victory.

We talk about nature and evolution and unceasing change. We hear the astronomers talk about the stars and the blazing suns and how they are young and then old and how our own sun is gradually getting colder (or perhaps it isn't). And we talk as if we were outside of nature, set aside for some special purpose, all by ourselves.

Or if we don't talk, that's how we feel about things. Well, it isn't true. We haven't reached the end of the road. We are on no final summit. There are still hills to climb. You can see them, snow covered, shining in the sky over there in the distance.

We are on our way. And we needn't be taking our troubles and our worries as personal insults, as the final brutal bludgeons of fate. They are growing pains, that's what they are. Struggling, heaving, journeying pains.

We weren't outside of nature. Nature is in us, too. We are changing like everything else. The hills are worn down and lifted up again. So are we. Nature does things to worms and snails and furry field mice and great elephants; she does not overlook us. Beneath her tremendous hand we are also shaped for some future function. And nature, that is beyond us is also within us, like the air we breathe.

It's strange, but it's true. We are always struggling, always changing. The road never quite ends. There are always hills to climb. We never reach perfection. . . . It would be a dull, dangerous and stupid life if we did.

THE BOSS' JOB

"It is a pleasure to see so-and-so in action," said an observer, because he presents an exemplification of earnestness and concentrated energy."

He was watching when an unexpected emergency arose which summoned that man to extra duty.

How do you act on your job whether it be regular or extra duty?

Are you wholly absorbed in it? Are you so interested that it drives all else from your mind? Sometimes you wonder why the boss is so engrossed in his business. His only thought seems to be governed by his desire to push forward. It is surprising to you that he does not tire of the strenuous efforts he makes unceasingly as he concentrates on his affairs hour in and hour out, day after day.

But that is the reason he is the boss.

Perhaps you do not take your work seriously enough.

It is not an easy task to be boss. To line up work for others to do and at the same time work out the many problems which come to the head man in any organization.

The boss' job is not so easy as you think.

You might have had it if you had worked as hard as he has.

THE HARD PART

Of reforming a man is to convince him that he needs reforming. Of attacking evil is in hurting good people who are mistaken. Of winning wars is the bankrupting of good customers. Of ignorance is the talking we do, with the support of facts. Of raising taxes is to find tax money that no one objects to paying. Of a bank failure is that it takes all the money and leaves all the debts. Of being a parent is in hiding our weaknesses from our children.

Former New Castle Boy Shows Us Chicago

There are always some pleasant features to a political convention. On Friday morning we were sitting in the Pine room of the Congress hotel at breakfast when Miss Elsie Calvin, a New Castle high school teacher came along and joined us. A few minutes later Lawyer Wm. J. Caldwell came floating through the atmosphere which was still pure that early in the morning. We had a good visit. Miss Calvin was attending the convention as an "Unofficial Observer" and will also take in the Democratic fuss next week in Chicago. Lawyer Caldwell expected the convention to last one day longer than it did in order that he could attend. He was on his way to the Rotary convention. It was a pleasure trip as he did not have his wife along. We were all glad to see him and the party had a fine day together made possible by Almon Shaffer and his wife. Mr. Shaffer is identified with the Hollywood attraction at the coming World's Fair and is as busy as any one man can be, but he knows his stuff. Mr. Shaffer is a son of Mrs. A. R. Picked up at the Congress Hotel for a tour of the marvelous development of thirty miles of the lake front of Chicago that has amazed the world. A tour of the World's Fair grounds and buildings and the boulevards and park systems. First to Grant Park—the Buckingham Fountain and then start the World's Fair Grounds running from Grant Park, adjoining the center of the downtown loop section and continuing south on the shores of beautiful Lake Michigan for three and one half miles. We enter the World's Fair grounds at twelfth street—The Field Museum, Aquarium, Planetarium, and Stadium, seating 135,000 people all in the fair. Then to the Administration Building. There we were conducted by Shaffer through the administrative offices employing three hundred people, viewed the dioramas of the fair in detail—President Dawes and the Board of Directors room, the laboratories for the development of lighting effects etc. From there on to the Island which was made from sand sucked in from the bed of Lake Michigan. This island is over a mile in length and from thousand feet to four hundred feet in width. On the island will be the Agricultural group, the Federal Building and all the states buildings—Electrical buildings, music centre and Hollywood. Hollywood is the motion picture part of the World's Fair. Shaffer and his partner Spearman Lewis of Chicago, are the managers of this project. Shaffer explained that he and his business associates have the franchise from the World's Fair and they will own and operate Hollywood. It will occupy the equivalent of two and half city blocks, and should be the outstanding colorful and gay spot of the whole fair.

Americans Take Up Debate As To Value Of Dictators

Executive's Power Of Leadership Impresses Some As Adequate Without Going Beyond Constitutional Provisions In Republic

Owen D. Young's address to the graduating class of Notre Dame University has inspired much thought as to the possibility of greater efficiency under the control of dictatorship in a national emergency. While his advice is hospitable received, there is some sentiment that executive strength is dependent on the possession of leadership by an executive under existing Constitutional provisions.

The statement by Mr. Young causing the controversy was: "Our democratic government has from the beginning insisted on sharply delegated powers, with adequate checks and balances, lost the sovereign yoke we threw off in the Revolution reappear to destroy our political liberty. It is quite explainable, therefore, that a government of powers widely distributed into carefully segregated and isolated compartments should function under normal condition and should fail in its altogether when the avalanche comes."

"Mr. Young's plan," according to the LINCOLN STATE JOURNAL "is an indictment of our democratic government. The argument for the centralization of authority in order that the government may function quickly and effectively in the face of unusual conditions, charges our system with failure to measure up to all the trials put upon it. And the failure is not hard to detect. It is for that reason that Mr. Young's arguments and his plan are receiving careful consideration. The NEWARK EVENING NEWS voices the judgment: 'The nation looks to the President for leadership. President Lincoln had extraordinary powers in the Civil War. Ditto for President Wilson in the World War. President Hoover and the Cabinet should have men in this war.'"

Not many men of Mr. Young's backbone and setting, says the BIRMINGHAM AGE-HERALD "would dare to deplore the Constitutional limitation which hampers our democracy under conditions such as have prevailed for two years and a half. But in this respect, as in his appeal to the graduates to be downhearted or embittered, he is the social philosopher who lives up to the advice he gave to his listeners to subject everything to the three tests of idealism, sound execution and sportsmanship."

"Dictatorial tactics are urgently needed," argues the ANN ARBOR DAILY NEWS, with the comment: "This does not mean that the nation wants or requires a dictator of the Mussolini stamp but a compromise between him and government by oratory and political selfishness begins to look like a temporary necessity in these United States."

The Young speech put the finger on the weakness of the present order," advises the ROCHESTER TIMES-UNION, and that paper reviews the details of what it considers the existing need, with the statement: "The first is the gambling spirit. The difficulties of the present era are due in no small degree to the fact that men would rather wait to take the gains that come from the honest creation of real values, but rushed to take advantage of all sorts of speculative gains. Nor was this all. They were ready to mortgage these anticipated gains to justify wild spending in the present. Such a situation was bound to produce a violent reaction. The evil is not only easily cured, but it cuts deep into the nature of human character. But to point it out is to contribute in at least some measure to its solution. Mr. Young also indicated that our government, with its elaborate system of checks and balances, is ill-adapted to vigorous action in emergencies. This is absolutely true. Nor is it any answer to say that sooner or later we muddle through. There are occasions when the element of time is decisive. We are sadly deficient in the machinery to meet such occasions."

Weekly Health Talk

"Everyone who has a bank account is exceedingly anxious to keep it straight. And indeed in practically all transactions of a business nature, people desire to be exceedingly careful. There is, however, another phase of bookkeeping concerning which many are likely to be indifferent. And this thoughtlessness not only embarrasses public health officials, but very frequently the individual most vitally concerned. It is the matter of the birth certificate," states Doctor Theodore B. Appel, state secretary of health.

"Public health efforts aimed toward the reduction of maternal mortality and infant deaths, depend somewhat upon the accuracy of birth registration, as both are calculated on the basis of births. Indeed correctness in vital statistics is quite as essential as its is in a counting house.

In Pennsylvania there are approximately 750 registrars of vital statistics. In townships and boroughs the registrar is duly appointed by the State Health department, and in cities the health officer is charged with the duty of keeping these records.

"The laws of this commonwealth provide that every birth must be reported by the attending physician or midwife within ten days of its occurrence. Where no professional

attention has been received, the householder or other responsible party must make the report. Blanks are furnished for this purpose. When properly filled in they are then forwarded to the State Health department's bureau of vital statistics at Harrisburg.

However, there is a more personal side to this important matter. For example, if the birth of a child is not properly recorded he may have difficulty in proving his right to go to school, to make a contract, to vote, to marry, to hold office, to obtain insurance or compensation, to claim an inheritance or pension, or get a passport.

"Hundreds of instances have been noted by the Department where persons have been actually deprived of rights simply because of their inability to prove that they were born at a certain place, at a certain time.

"Therefore, if any uncertainty exists regarding this matter it is only good business to write to the State Health department's bureau of vital statistics and thereby obtain the information necessary to take immediate steps to complete the record of your birth.

"Incidentally, a primary duty toward the new infant by parents is to see that the birth of the child is duly recorded. If in doubt, check up."

Can't Always Go When Light Says So, Court Rules

Motorists Are Also Obligated To Use Care, Supreme Court Holds

PEDESTRIANS MUST BE RESPECTED, TOO

(International News Service)
HARRISBURG, June 21.—The traffic "go" signal, whether by lights or by a police officer, does not always mean go.

The Pennsylvania Motor Federation called attention today to this interpretation by the state supreme court of the law governing traffic signals at street intersections. The "go" signal, the court held, is not a command to the motorist, but a qualified permission to proceed lawfully in the direction indicated and "does not mean that the person receiving the signal may proceed without a care or thought as to the safety of others who may be in his path."

This ruling by the state's highest tribunal, made recently in the case of Byrne et al. vs. Schultz, settles an oft-disputed question and interprets this provision of the law in a different way than does the average driver," said S. Edward Gable, president of the federation.

"Many accidents are caused by the fact that the man behind the wheel believes that when he is traveling on the 'go' signal he has the unqualified right of way and is relieved of all responsibility in crossing that intersection."

Driver Held Negligent.
In sustaining a decision of a lower court, the higher tribunal emphasized that care must be exercised by motorists at all times, even when proceeding on a signal given by a traffic light or police officer. The trial judge held that the driver in question was negligent because he relied solely on the invitation of the police officer and went ahead without looking to the right or left. In sustaining this decision the supreme court held that the fact that traffic is open does not relieve the driver

from observance of exceeding vigilance, or excuse the running down of a pedestrian who at the time is committed to the crossing.
The federation head quoted the supreme court summary of the case: "The duty to obey a traffic officer's signal or direction to go ahead is subject to the paramount duty of exercising care and caution as to others who may be in the intersection, and the driver should not comply with such direction where he sees, or with reasonable diligence should see, that such compliance will probably result in an accident. The law only makes obligatory the rule of common sense regarding the duty of a driver at the intersection of streets, where traffic is dangerous because conflicting."

"This duty has not been relaxed by the introduction of traffic officers and signals, both of which are intended to facilitate traffic and render crossings less dangerous. The driver has the help of the officer or mechanical device, but can not dispense with due care on his part by relying on them solely. He is still bound to the same degree of care as before the introduction of these modern aids to travel. He must recognize and obey them, but he can not use them under any circumstance to eliminate the exercise of due care on his part."

"It is for this reason that we should emphasize the fact that so far as the degree of care required by motorists or other drivers at street intersections is concerned, there has been no change in the law of negligence by the introduction of traffic officers and signals. The law is the greatest preventative of accidents, as is shown by the fact that when observed few accidents happen, and the protection is given should not be lessened or destroyed by variations and refinements which are perils to travel by taking away necessary security."

GIRL SCOUTS REWARDED AT COURT AWARDS

Minnehaha Troop No. 6 Holds Interesting Affair Monday Evening

Monday evening was a memorable occasion in the history of Minnehaha Troop No. 6, Girl Scouts, when a large number of its members received merit awards of various kinds in accordance with the work they had done in the interest of scouting.

It was a court of award for the members of Troop 6, their excellent work in various lines entitling them to the awards given them. The event took place in the Sons of Union Veterans Hall on the third floor of the city building and was attended by a large and interested group of parents of the members.

Miss Alice Sterling, chairman of the Court of Awards, presented the proficiency badges; Miss Elizabeth Reis, commissioner, presented the first class badges, while Miss Nance Pugh, scout director, presented the service stripes. The other awards were made by Mrs. W. H. Hanger, captain of the troop. Mrs. Hanger has as her lieutenants in this troop the Misses Martha McGill and Bonnie Christman, who ably assisted her in the ceremonies of the Court of Award.

At the close of the evening dainty cakes made by the members of the troop and lemonade were served to the visitors, as well as to the mem-

bers of the troop. The refreshments were in charge of those girls having the hostess badge, who are as follows:—Bobbie Broida, Edna Raney, Bernice Forrest, Ruth and Beatrice Connor, Donna Jean Beall, Audrey Gilliland, Janet and Mary Jane McClintock, Charlotte Withers, Georgia Parker, Ellen Miles and Margaret Porteous. In the formation, the color bearers were Charlotte Withers, Marie Galbraith and Sarah Wilson.

An interesting feature of the evening was the play presented by Nokomis Patrol, the youngest patrol of the troop, under the supervision of Miss Bonnie Christman. The mem-

bers of the patrol in the cast included Grace and Ellen Miles, Helen Allen, Mary Louise Meehan and Elizabeth Eroe.

Eight girls received the first class badges. This is an unusually large number to receive this honor at one time and especially from one troop.

This would not have been possible except for the wonderful work done in the training of the girls by Mrs. W. H. Hanger, the captain and Miss Elizabeth Reis, the commissioner.

Those receiving first class badges were:—Bobbie Broida, Donna Jean Beall, Ruth Connor, Beatrice Connor, Audrey Gilliland, Mary Jane

McClintock, Georgia Parker and Edna Raney.

The following council members were awarded five year stripes:—Mrs. W. H. Hanger, Miss Elizabeth Reis, Miss Alice Sterling, Miss Martha Bigley and Miss Helen Wilson. Bobbie Broida and Edna Raney of the troop will receive them on July 25.

Gold Stars for perfect attendance and punctuality were awarded to Audrey Gilliland and Beatrice Connor. Silver stars awarded those missing but three meetings were:—Ruth Connor, Janet McClintock, Mary Jane McClintock, Georgia Parker, Ellen Miles, Margaret Porteous and Elizabeth Eroe.

Second class badges were awarded to Margaret Porteous, Betty Bridenbaugh and Sara Wilson.

Proficiency badges were awarded to the following girls. Their names and the specific work in which they have proven proficient follows:—Donna Jean Beall—craftsman, dressmaker, home nurse, observer, first aid and life saver; Beatrice Connor—craftsman, home nurse, dressmaker, observer, needlewoman, life saver, swimmer, G. S. Aide, scholarship and first aid; Ruth Connor—first aid, home nurse, minstrel, observer, swimmer, life saver and G. FALL FROM TREE
FATAL TO FATHER

ZANESVILLE, O., June 31.—Lincoln Baughman, 69, was instantly killed in a fall from a cherry tree at his farm near here today. His

neck was broken. A son witnessed the accident. He leaves 10 children and 30 grandchildren.

He had gone into the manager's office to inquire if he could have the Saturday morning off for the purpose of digging up his garden. "But, my dear man," said the manager, "Smith told me only a day or two ago that you hadn't a garden." "Well, then," was the reply, "some-one must have taken it off the window-sill."

Iroquois, Lenore Beall's cabin—Layne Wheeler, Sara Kohn, Gertrude Hitchcock, Jean Waddington, Jane Elwell, Helen Wilson.

Navajos, "Tip" Duff's cabin—Eleanor Wallace, Margaret Craig, Nancy McKee, Ruth Cartwright, Helen Williams, Jane Morris, Juniata Veach, Virginia Wilson and Mary Leslie Wilson.

New Tax System Is Working Well

County Treasurer Says People Have Paid Bulk Of Money Received So Far

County Treasurer William O. Pitts, is very well pleased with the results of the new system adopted of sending out county tax statements.

The first payment of county taxes last year was made on June 3rd. On June 3rd of this year, \$52,000 had been collected. Much of the money that has been coming in has been by check, as the tax statements show the taxpayers exactly what he is to pay, with the discount deducted.

So far the principal taxpayers have been from the country districts. Treasurer Pitts is of the opinion that city residents are trying to get their city taxes paid while they may still receive a discount, while the discount on the county taxes can still be secured next month.

Taxes are coming in steadily every day. So far none of the large

Chill-Chasing Scribes Find Cooler's '18 Below' Swell, But As You Exit--Whew!

"92 plus to 18 minus"—And don't worry a whit for fear we saw a baseball game end that peculiar way or watched our favorite stock tumble that much (not us!) no don't worry, two perspiring reporters like the thermometer to toboggan that way!

It didn't take train tickets to get to the frigid climate, it only took talk with a genial Dairy company plant foreman here. He kindly admitted the scribes to the firm's sniver-starter, it's the ice cream hardening room.

You must enter in units, at first, it's just chilly, not extra cold, but then the next rooms get raw and then biting. Your hands just instinctively pull up your coat but it's more than instinct that makes you bind your coat about you. Of course we needn't add what you feel like as you leave, especially with the mercury running a race like it was Monday. You make your guess.

And in spite of the 18 below we're still perspiring.

Camp East Brook Visitors Welcome Wednesday Night

Maine Votes Being Counted

Martin Leads For Governor On Republican Ticket, Democratic Vote Is Light

"WET" CANDIDATE SUFFERS DEFEAT

(International News Service)

PORTLAND, Me., June 21.—With two thirds of the state vote recorded, Burleigh Martin of Augusta, President of the Maine Senate, today held a substantial lead over Lewis O. Barrows of New Portland, in the five cornered race for the Republican nomination for the governorship.

With 430 of the state's 632 precincts accounted for, Martin had 19,596 votes and Barrows had 14,500.

Approximately 400 votes separated Paul C. Thurston of Bethel, and Louis J. Brann, former mayor of Lewiston. For the Democratic nomination with five candidates in the fight.

An exceptionally heavy Republican vote was recorded in contrast to an extremely small vote by the Democrats.

Close Fights

There were close fights for congressional posts with former Governor Ralph O. Brewster and Clarence C. Stetson, former chairman of the Maine development commission staging a close race in the third district.

In the first district representative Carroll L. Beedy, an ardent "dry," appeared re-elected, while Edward E. Chase, a "wet," with 103 out of 145 precincts gave Beedy 14,135 votes and Chase 6818.

Jean Harlow Plans To Marry

Platinum Blond Film Star To Be Wed To Pictures Executive

LOS ANGELES, June 21.—Surprising friends and film fans, Jean Harlow and Paul Bern, motion picture celebrities, disclosed an unannounced romance Monday by filing notice of intention to wed.

The platinum blond film star and Bern, an executive of Metro-Goldwyn-Mayer studios, said they will be married probably Friday or Saturday.

In the application Miss Harlow used her legal name, Harlen Carpenter McGrew, and said Jean Harlow was her screen name. She gave her age as 21 and Bern said he was 42.

Miss Harlow, who became famous as the first "platinum blond" of the screen, has been married once before. She rose to film stardom about a year ago in the air picture "Hell's Angels." Bern said he has not been married.

"We were surprised ourselves," said Miss Harlow. "Mr. Bern did not make the proposal until Sunday and I accepted. We had casually spoken of marriage before, but not until Sunday was the subject seriously gone into."

"The wedding will be extremely quiet and informal."

COUNTY'S TALBOT CHECK EXPECTED AROUND JULY 12

Fourth Payment Due About That Date, Belief; \$62,143 Is Paid

County Treasurer W. O. Pitts declared today that Lawrence county's poor district should receive its fourth Talbot relief payment early in July, providing the same disbursement schedule that has been in effect from the start is followed.

To date the Lawrence county relief fund has been strengthened to the extent of \$62,143.72 from the three payments that have been made, helping tremendously to relieve the pressing burden that needy disbursements have placed upon the county.

A representative of the state department of welfare, assigned to investigation work in the Talbot relief division, came here recently and made a thorough study of the aid the special relief enactment is providing here. All money payments bearing any relation to the Talbot relief were scrutinized for the information of the Harrisburg office.

No estimate could be made by County Treasurer Pitts this morning as to what figure the county's fourth Talbot check would amount to. There is still a large amount expected.

OPENING

Our Remodeled Shoe Store Next Friday Night

We want you all to come and see our beautiful store—we feel there is nothing too good for New Castle, so have planned this store for the future needs of this community. We are proud to offer you this complete shoe store.

We thought of giving you souvenirs, but have decided to give a prize of \$50.00 to any institution, organization, society or club that you prefer. We feel that this will do more good to some institution than souvenirs would to anyone.

Wednesday, Thursday and Friday in our News ad. will be a ballot which you cut out—write name of your favorite society to win the prize—and bring to our store Friday night between 8 and 10 o'clock and deposit in ballot box. The organization that receives the most votes will receive \$50.00. Each ballot will be good for 50 votes.

Get to work for your organization.

Eucharistic Congress Given
Over To Observance Of
Patron Saint Of
Children

AMERICAN BISHOPS ARRIVE ON LINER

(International News Service)
DUBLIN, June 21.—High Prelates of the Roman Catholic church, in Dublin for the thirty-first International Eucharistic Congress, relegated themselves to the background today as communion services for children were held throughout the country.

The occasion was the anniversary of St. Aloysius, the Patron Saint of children. In deference to the ceremony, no functions were scheduled for delegates to the congress until this afternoon, when they will be received by the faculty and students of Blackrock College at a garden party.

Meanwhile, Prelates, Priests and Pupils continued to pour into Dublin from all quarters of the globe. The liner Doric arrived just in time yesterday to enable Dr. Karl Aller, Bishop of Toledo, and Monsignor F. A. Schombs, Bishop of Cleveland, to participate in the welcome to Cardinal Lauri, Papal Legate, at the Pro-Cathedral.

Bishop Aller and Monsignor Schombs brought to Dublin the best wishes of their dioceses for a successful congress.

Synod Meeting At Grove City

Fifty First Annual Session Of
Synod Of The Presbyterian
Church Meets This Week

GROVE CITY, Pa., June 21.—The fifty first annual session of the Synod of the Presbyterian church officially opened here with a pre-synod conference at 7:30 p. m. Monday in the Presbyterian church of the National Mission Council and general Council of the Synod.

Dr. M. M. McDuff, pastor of the Knoxville Presbyterian church of Pittsburgh is chairman of the mission council of nineteen members, one from each presbytery in the state.

The general council with Dr. C. H. Williamson of Grove City, chairman of the synod promotion work; Dr. W. Scott Bowman of Uniontown, moderator, as ex-officio members will make the general routine.

Two hundred commissioners are expected to be guests of Grove City College during their stay from June 21 to June 24. They will be entertained at the college dormitories, with the business sessions held in the church. The evening sessions are being held in the Harrison Memorial chapel.

Dr. C. W. Kerr of Tulsa, Okla., moderator of the General Assembly will address the synod June 24 at 9:30 a. m.

Dr. W. T. Thompson of the Union Theological Seminary at Richmond, Va.; Dr. Sam Higgenbottom, missionary of Allahabad, India; Dr. Silas Evans of Ripon College, Wisconsin; Dr. W. R. Schell of the council of the church assembly and Dr. John McDowell of the national missions board will be among the prominent divines on the program.

Smith

(International News Service)
CHICAGO, June 21.—Proclaiming the need for prohibition reform, John J. Raskob arrived here from New York today to marshal the forces of Alfred E. Smith in the forthcoming Democratic national convention.

While disclaiming knowledge of what the party's plank on prohibition would contain, the Democratic national chairman said:

"The plank will be one adopted by the entire party as represented by the delegates in convention. No group, no clique, no coterie of men will write the plank nor dictate what stand Democracy shall take on this question."

New Wilmington

YOUNG PEOPLE'S CONVENTION

On Wednesday, all the young people's societies of the various churches in the county will convene at New Wilmington. This is an annual event and always an interesting one. Tennis courts will be at the disposal of the delegates as will the swimming pool, located in the Westminster college gym, and the mushball court on the athletic field. A picnic supper will be served at 7 in the evening, all the delegates being asked to furnish their own silverware and each society should bring enough food to appease the appetites of its members.

FISHING TRIP

William Wilson, Victor Minter, C. B. White and Russell Wilson left Tuesday for a two-day fishing trip in and around Sugar Creek.

MUSHBALL LEAGUE

The newly formed mushball league is having some difficulties in regard to the playing field which was given them to play on during the summer. Every evening, however, when the players reach the field, crows are peacefully grazing all over the out-field, and make playing good mushball impossible. The heads of the teams intervened with the owner of the crows but seemingly to no avail. Action is expected to follow any time now but until then little mushball will be played.

CHILDREN'S DAY

Under the direction of Mary Clark, with the assistance of Kathryn McClure and Elma White, the children of the Methodist Sunday school presented a very entertaining and pretty program in the church auditorium on Sunday evening. The stage, dominated by all types of beautiful flowers and ferns, was a pleasing foreground for the little ones as they were on the stage delivering their pieces. The program was:

Choir—Marching Through Sunlight Ways.
Hymn, This is My Father's World.
Scripture—Roland Robison.
Prayer and baptismal service—Rev. E. O. McNulty.
Song by the school—Gladness Brings.
Recitation, "A Greeting of Love"—Betty Cummings.
Recitation, "Greetings"—Kenneth Whitman.
Recitation—"One Rose Bud".
Recitation, "A Nation Wide Broadcast"—Bobby Phillips.
Duet—Shirley and Geraldine Kauffman.
Recitation—Jean Williamson.
Recitation, "Words of Jesus"—Dickie Anderson.
Recitation, "Just Right"—Donald Whitman.
Recitation, "God is Love"—Kathryn Gaines.
Recitation, "My Resolve"—Arthur Shaffer.
Song by the school—Fragrant Roses Bring.
Recitation, "For Children's Day"—Helen Williamson.
Recitation—Virginia Green.
Recitation, "I'd Like to Be a Hero"—Fred Heckathorn.
Song, "Sunbeams"—Mildred and Billy Viewie.
Recitation, "A Bright Idea"—John Miller.
Recitation—Dick Green.
Exercise, "Jesus Way"—Paul Shaffer and Vincent Whitman.
Song, "Little Hearts Can Love Him"—Mrs. Cox's class.
Recitation, "Little Boys"—Walter Anderson.
Recitation—Harry Green.
Song by the school—"Happy as the Birds of Spring."

Hospital Aide Donation Days

Aide Society Will Again Solicit Food For Jameson Memorial Hospital

Women of Lawrence county and New Castle, who are starting to can fruits and vegetables for winter use, are asked to remember to set aside some of their canned food for the Jameson Memorial hospital.

This year, just as in years past, the Jameson Memorial Hospital Aide Society will collect these food donations for use by the hospital patients. Several days will be appointed in the fall as "Food Donation Days."

Members of the city and county committees will be announced in a few days by the Aide Society. These committee members will be in charge of the soliciting and collecting of food gifts from the various churches, granges and other organizations.

Smith Leaving For Chicago To Stop Roosevelt

Alfred E. Smith And Retinue Will Work Hard To Halt Roosevelt Nomination

(International News Service)
NEW YORK, June 21.—Alfred E. Smith, former governor, with his retinue was to leave today for Chicago to prepare for battle in the Democratic National Convention which opens next week.

While a candidate for the Presidential nomination himself, Smith will devote his major energies to block the nomination of Governor Franklin D. Roosevelt, who appeared to have estimated initial strength in the convention of 681 votes. Smith was credited with 100 votes at least. For nomination, a minimum of 770 votes are required.

SPRING CONSISTORY REUNION STARTS WEDNESDAY

Plans Complete For Gathering

Expect Large Delegation Of Visitors At Cathedral For Ceremonies

VARIED PROGRAM HAS BEEN ARRANGED

Plans have been completed by Commander In Chief Walter S. Reynolds and his aides for the annual Spring Consistory of the New Castle Consistory, A. A. S. R., which will open at the Cathedral Wednesday.

The morning hours will be spent in registration, conferring of the degrees starting at 1 o'clock, Eastern Standard Time.

Thursday morning's program will consist of a golf match at the Field Club, handicap sweepstakes being on the bill. There will be prizes for the golfers, and special contests will be held for non-players.

Degree Work

Resumption of the degree work will take place at 3 o'clock. Thursday evening, the Consistory players will present the historical play, "John Brent" for the benefit of the visiting brethren and their ladies.

The reunion will end on Friday evening with the customary dinner and dance by the Consistory Dinner Club. Two tables will be served at 7 and 9 o'clock, followed by a program in the auditorium with dancing and cards afterwards.

Thursday has been designated as Ladies Day and special entertainment has been provided for them in addition to the program for the men.

Wednesday evening at 5:30, a memorial tablet to the late Dr. Allen W. Urmon, will be placed by the Service Division. All mentioned in connection with the reunion is Eastern Standard.

G. A. R. Commander Is At Harrisburg

D. M. Clark, aged commander of Post No. 100, G. A. R. of this city, left last evening by automobile with his nephew, Roy Hamilton, of Ellwood City, for Harrisburg, where he went to attend the annual state encampment of the G. A. R. and affiliated organizations. It was feared for a time that he would be unable to make the trip on account of his advanced years and a recent illness, but he was determined to go and went expecting to have one of the finest times of his life.

EAST BROOK HIGH SCHOOL CAMPUS IS GIVEN IMPROVEMENTS

East Brook high school is now getting a setting that befits the new and smart building. For the past two weeks workmen have been engaged in tapering off the terrace in front of the school building and now they have it in fine shape and ready for the planting of grass. Trees standing on the campus have been given attractive stone retaining walls in order that the ground at their roots will not be washed away in rainstorms.

State Secretary Of Labor Requests Information From Employers

(International News Service)

HARRISBURG, June 21.—In an effort to determine what percentage of workers employed in 1928-29 will not again be absorbed by Pennsylvania industry and business in the event of a return to prosperous conditions, Dr. A. M. Northrup, secretary of labor and industry, is requesting employers throughout the state to provide his department with their opinions on the subject.

A questionnaire has been distributed among employers, who have been asked to indicate what may be expected of them with regard to re-employing men and women when business resumes its usual stride.

Flower Show At New Bedford

Fifth Annual Exhibition Of Garden Flowers Will Be Held Wednesday In Town Hall

The New Bedford Garden Club will hold its fifth annual flower show Wednesday from 2 to 10 p. m. in the Town Hall at New Bedford and from the preliminary entries, the show promises to be one of the largest and best the garden club has ever held.

There are ten classes of exhibits and awards will be made for the best entries in each class and all blooms must be grown by the exhibitor. A Templyn-Bradley medal will be awarded as an extra special prize to the exhibitor winning the most points.

Men's Classes Plan Stag Party

The Men's Bible classes of the First Methodist and the First Christian churches are planning a stag party for Friday, July 8, at Lake-Wood Beach.

Elaborate plans are being made so that there will not be an idle minute from the time the men arrive at the beach until they leave. Archie Gordon and B. F. Butler form the social committee; the sports will be arranged by Frank S. Young and Harry Ward; the transportation will be taken care of by R. L. Boyd and J. R. Hodge; the finances will be handled by John B. Offutt and J. W. Lindsay and the pep singing will be led by "Red" Williams.

Dr. H. C. Weaver and Dr. G. S. Bennett, pastors of the churches will show their ability on the mound when they pitch for the mushball game between the classes.

The camp fire will be in charge of the presidents of the classes, Ralph S. Reed and Percy B. Walls.

Goes To Honolulu As School Delegate

Miss Ella King Vogel, a teacher of English in a Pittsburgh high school, has been appointed as a delegate to attend the conference of World Federation of Educational associations, which convenes in Honolulu July 25-31.

Miss Vogel is scheduled to speak on "The Evolution of Education in the Orient." The conference will include a trip from many countries of the world.

Miss Vogel is a cousin of John M. Wallace, Boyes avenue, and has other relatives in New Castle.

LOCAL VETERAN RECEIVES MEDAL

Frank Conella of this city, World war veteran, is probably the first to receive the decoration, Order of the Purple Heart, which was instituted by General George Washington as a means of recognizing valorous service among the enlisted men.

On the face of the medal is a likeness of Washington, while the veteran's name is engraved on the back. It consists of a purple heart with edge of gold, suspended on a purple ribbon. A purple lapel bar accompanies the decoration.

Hollywood and its motion picture industry, studios, celebrities, and night life, will form a brilliant portion of the Chicago World's Fair and will furnish the entertainment for the exposition on a lavish scale according to plans announced recently by Almon R. Shaffer, a former resident of New Castle, son of Mrs. Lora White Shaffer of 225 Pearson street, as was told to Mr. and Mrs. Fred Rentz on their recent trip to Chicago during the close of the national Republican convention.

Reproduce Slice of Hollywood A 750x400 feet slice of Hollywood will be reproduced on the shore of Lake Michigan for "A Century of Progress" by a corporation consisting of Illinois State Senator Roy C. Woods, Judge John A. Sbarbaro, Spearman Lewis, A. R. Shaffer and Milton E. Klein. Mr. Lewis is a partner of Mr. Shaffer and their nearest activity in recent years was the management of the Cleveland Industrial Exposition in Cleveland in 1927. For a number of years they owned and operated the International Golf Show in New York and Chicago.

Conrad Nagel, screen star and Vice President of the Academy of Motion Pictures Arts and Sciences, offered the complete cooperation of the Academy in making Chicago-Hollywood a success when he met with the corporation heads recently in Chicago.

"Our Hollywood display will occupy a site 750x400 feet on Northern Island, south of the Electrical grove and north of the immense Tower of Water and Light which is to rise 350 feet from the lagoon," Shaffer said, and it will be the gayest, most fascinating, spot in the world. "Real Hollywood atmosphere will be provided, with a model theatre, a Hollywood Bowl to seat 15,000, a completely equipped sound studio, an exotic restaurant, an elaborate and gayly decorated yacht to transfer celebrities from the Administration building to the Hollywood landing, a museum of famous costumes and sets of famous pictures," Shaffer said in discussing the plans of the "Hollywood at the Fair" Corporation.

Can Get Film Tests Our major sound film will be taken during the exposition and a number of two reel subjects will be filmed. Visitors will be given an opportunity to receive screen tests and contests will be staged to discover potential stars who then will be taken to California for real try-outs.

Inside views of the studios with make-up rooms, set assemblies, mechanical and technical features of the film world, will be displayed. In addition, the Hollywood "colony" at the World's Fair will have style shows, international in scope, with famous Parisian designers in attendance and mannequins from many nations.

Bathing Beauties There will be a Malibu pool with bathing beauties from all over the world to compete in international contests. Plans for a swanky restaurant overlooking the lagoon includes seating and dining arrangements on terraces for 3,500 people. Typical Hollywood floor shows and introduction of celebrities.

Mr. Shaffer said that Hollywood and motion picture industry heads are unanimously behind the corporation project, and it is expected to be the most important and unusual feature of the exposition. He and Mr. Lewis are general managers for the exhibit as well as Vice President of the corporation.

Youngstown To Pay Obligations

Opening Of City Trust Bank Will Release \$500,000 City Money

YOUNGSTOWN, O., June 21.—Youngstown will meet all of its financial obligations maturing July 1, including \$657,869 in special assessment short term notes, Finance Director Hugh Hindman announced today.

Hindman made his announcement after the city met its payroll demands of \$62,000 today out of cash on hand. He indicated that the announcement of the proposed reopening of the City Trust and Savings Bank which has about \$500,000 of the city's money on deposit will enable the city to meet its obligations July 1.

While city officials have already cut the payroll so that it is now \$4,500 less than a month ago, Hindman is expected to announce further cuts in salaries for employees Wednesday.

HAD WRONG BODY; FUNERAL HALTED

JOHNSTOWN, Pa., June 21.—The driver of the runaway truck that killed three on the Frankstown hill has been established, 10 days after the tragedy, as James Brown of Philadelphia, and not Norman Ballard. The body was prepared for burial under the name of Ballard when word came to await further developments. With the arrival of relatives, the body was identified as that of Brown, who had been using a driver's license made out to Ballard.

Pittsburgh Boy Kills Brother

Another Fatality Due To "Unloaded" Gun Registered In Pittsburgh Home

(International News Service) PITTSBURGH, June 21.—Another fatality today was added to the long list of "empty gun" victims. While playing with a gun he believed to be unloaded, Joseph Yuhasz, 12, shot and killed his 16-month-old brother, Alex, the youth told members of the city homicide squad.

After the fatal shot was fired, the youth picked up the child and rushed him to the office of a nearby physician who pronounced the baby dead.

Urge Democrats To Adopt Short Party Platform

Senatorial Influences Urge Democrats To Adopt Resubmission Plank

ECONOMIC ISSUES WILL BE STRESSED

(International News Service) WASHINGTON, June 21.—The Democratic national convention will be advised by powerful senatorial influences to adopt a plank declaring in simple terms for resubmission of the 18th amendment.

This was assured today following a series of informal conference on the platform, in which the moderate dries and wets reached an accord. Senator Cordell Hull (D) of Tennessee, who may be chairman of the platform committee at Chicago, planned to leave for Chicago today after having canvassed the entire platform situation with Democratic senators.

The Democratic senatorial group, believing that the Republicans made a mistake with their long plank on prohibition, insisted that whatever the convention approves be short and to the point.

Economic issues must be stressed, however. An attack on the Hawley-Smoot tariff law, a call for an international conference to lower trade barriers and negotiating of reciprocal treaties all were urged by the senators who conferred with Hull. Endorsement of the principles of the Wagner bill, providing for unemployment relief and stimulation of a public works program, also is expected.

Veterans Offer Democrats Their Support In Fall

Democrats Must Include Soldier Bonus Issue In Platform At Chicago

(International News Service) CHICAGO, June 21.—A warning that World War veterans will bolt both political parties and support a third party unless a plank for immediate payment of the soldiers' bonus is included in the Democratic platform was issued today by Harold Barnes Foulkrod, legislative chairman of the bonus expeditionary force.

Foulkrod said: "If the Democratic party will face this issue fairly and squarely, millions of veterans, their wives, fathers, mothers, brothers and sisters will cast their votes for the Democratic nominee."

"In the event both major political parties ignore this issue and refuse to insert a plank for the payment of the so-called bonus, it is our purpose to present our plank to a third party."

"When the platform committee of the Democratic party write their platform I shall propose that a plank be inserted which shall read in part as follows:

"The Democratic party favors the immediate payment of the adjusted service certificates in cash to all veterans of the World War."

Amelia Earhart In Washington

President Hoover Greeted Woman Flier, Will Get Distinguished Medal Tonight

HEARTY WELCOME FROM OFFICIALS

(International News Service) WASHINGTON, June 21.—Amelia Earhart Putnam arrived in town today to receive the National Geographic Society's special gold medal, the society's highest American award for geographic achievement, for her solo flight across the Atlantic.

She was met at Hoover Airport by Dr. Gilbert Grosvenor, president of the society, and others and started out on a round of official receptions that climax tonight when President Hoover presents her the medal in the D. A. R.'s Constitution Hall.

The noted aviatrix was greeted by President Hoover at the White House, was luncheoned by the trustees of the Geographic Society and then received by Vice President Curtis and Speaker Garner at the capitol, and by the secretaries of war, navy and commerce.

Money Voted To Continue Probe In Stock Market

(International News Service) WASHINGTON, June 21.—After Senator Norbeck (R) of South Dakota had declared the Senate's investigation of the New York Stock Market had uncovered abuses against which "Teapot Dome looks like a small affair," the Senate today approved his resolution appropriating \$50,000 to continue the inquiry until next March 4.

Raskob Favors Jouett Shouse For Chairman

Chairman Of Democratic Committee Will Support Shouse's Convention Bid

SENATOR WALSH IS CANDIDATE

By GEORGE E. DURNO International News Service Staff Correspondent

CHICAGO, June 21.—John J. Raskob, chairman of the Democratic national committee, arrived in Chicago today and opened things up with a bang.

He declared prohibition would be the dominant issue of the coming presidential campaign and challenged anyone to produce another issue so important, either socially or economically.

He expressed confidence that next week the Democratic convention would retain the two-thirds rule, abrogation of which is one possibility to which the forces backing Franklin Roosevelt are looking to gain the New York governor's nomination.

Favors Shouse. Further, the chairman asserted he had "no doubt" but what the convention will select Jouett Shouse as permanent chairman and said to elect anyone else would be "an act of bad faith" and a gesture of disrespect toward the national committee and the subcommittee on arrangements.

Shouse was decided upon by the arrangements committee, but the Roosevelt forces are now saying they will elect Senator Thomas J. Walsh of Montana on the floor of the convention.

Although all of Raskob's statements has a distinct anti-Roosevelt flavor, the chairman insisted he had no preference. "I haven't any choice for the presidential nomination," he declared. "I have tried in every way to keep my mind open and I have given no help, either time or money, to any candidate."

Speaking of the Democratic party's chances, Raskob held them to be better this year than at any time since the war between the states.

CALL THE DOCTOR Proud Father (to bank manager): "Ah, Mr. Brown, I want to see you about opening an account for the new arrival at our house. How shall we describe it to distinguish it from my own account?"

Manager: "Suppose we call it 'The Fresh Heir Fund.'"

"JUST LIKE A WOMAN?" "What a long letter you have there."

"Yes, sixteen pages from Ann." "What does she say?" "That she will tell me the news when she sees me."

Six Months Limit

Stating that six months in prison is punishment enough for violators of the prohibition laws, Gov. B. M. Miller (above) of Alabama has just paroled conditionally for a year 227 prisoners convicted of liquor offenses. The Governor is an ardent prohibitionist, but holds the crimes "do not involve moral turpitude."

Garner Would Take Nomination

(International News Service) WASHINGTON, June 21.—Speaker John N. Garner of the House today declared his willingness to accept the Democratic nomination for the presidency, should it be tendered to him.

In a formal statement he declared for repeal of the 18th amendment.

We had a hunch something bad would happen when Americans learned that word "billion."

Hunt For Machine Reported Taking Powder To Capital

Secret Service Agents And Police Guard All Roads Leading Into Washington

(International News Service) WASHINGTON, June 21.—All roads leading into the District of Columbia were being guarded by police today, as authorities searched for a maroon colored coupe, said to be carrying TNT and other heavy explosives.

The tip that the car was enroute to the capital was received here from New York City. Reports that the U. S. secret service had asked for aid was denied by W. H. Moran, chief of the secret service which guards the White House.

The auto, a coupe, according to Chief of Police Glassford, is occupied by two white men.

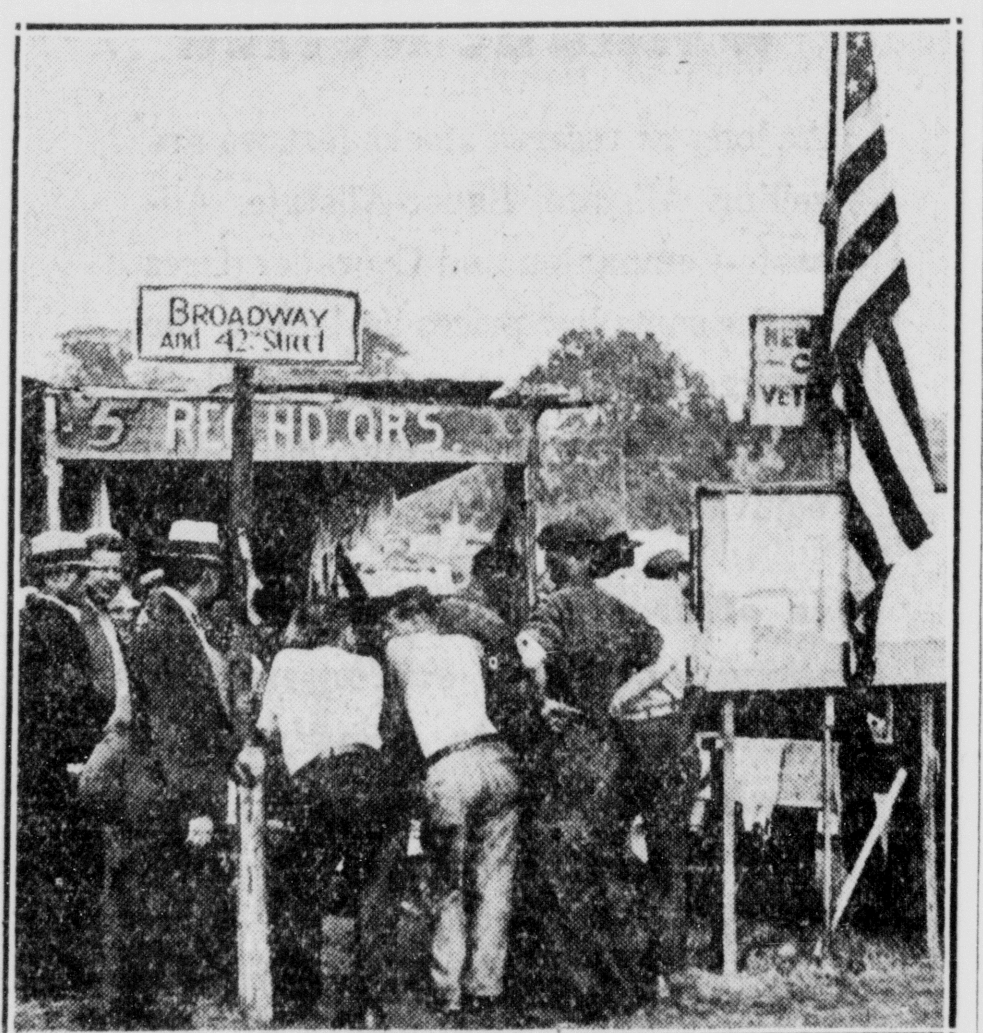

Moran's denial of any knowledge of the car followed the publication of teletype instructions to police at Baltimore. These instructions reported that the "United States secret service in Washington has been notified by a New York agent that two men left New York at 1:10 p. m. driving a car believed to be loaded with gunpowder."

Several reports of bombings at the White House were circulated during the night, but secret service men reported everything as quiet as usual, and declared they had asked for no outside aid.

Policemen Guard Scene Of Coming Golf Tournament

Gangsters Threaten To Blow Up Greens If Betting Machines Are Not Allowed

FAIRWAYS AND GREENS GUARDED

Executives Of Fresh Meadow Country Club In Flushing, N. Y., Take Head

(International News Service) NEW YORK, June 21.—Bluecoats patrolled the Fresh Meadow Country club golf links in Flushing again today following threats made by gangsters that unless pari-mutuel machines were allowed near the club house during the national open golf tournament the greens would be destroyed.

Although play continued and officials said they felt no alarm over the attempt of gambling interests to "crash" the tourney, police will guard the fairways, greens and remainder of the course from now until the tournament ends on Saturday.

Milton Hertz, chairman of the tournament committee, said he was approached by a gangster who demanded that pari-mutuel betting machines be permitted to be installed.

Offer Turned Down. When Hertz turned the proposition down flatly, the gangster made threats.

Hertz said he had turned the matter over to the police department. "Nothing will stop this tournament from beginning on Thursday—gangsters or no gangsters," said Hertz.

The visit to Hertz by the gangster was followed by another call from a representative of gambling interests. Hertz reiterated his turnaround. It was reported the visitors represented a gambling "mob" in Boston.

Civil War Vet Is Good Farmer

In spite of the fact that he has
passed his 88th birthday, Robert
Wilson, hale and hearty veteran of
the Civil War, is out on his 125 acre
farm near Mt. Jackson day after
day, doing many a full day's work.
He is often seen going over the
fields with a corn worker pulled by
a team of horses, and can handle it
better than most young men of
twenty odd years.

LOOK-OUT CLASS PLANS FOR PICNIC

The Look-Out class of the Ma-

Park, where, with their guests the
members will enjoy a picnic sup-

They will bring turkeys, bread, butter
and service. The indications point to
a very pleasant day.

Women From Here Go To Fredonia

Mrs. W. C. Patterson, Mrs. Harry
Morrison, Mrs. W. F. McClurg, Mrs.
D. C. Schnebly, Mrs. G. H. Cook and
Mrs. Charles E. Dungan, of this
city, motored to Fredonia, Monday,
having heard the sad news of the
death of Frank Thompson. The fun-
eral is being held today.

Mr. Thompson, brother of Mrs.
Gertrude Marshall, was well known
in seventh ward, having been a for-
mer resident and was employed at
one time with the Pennsylvania
railroad. He was a member of the
Mahoningtown Presbyterian church.

THE HEART OF THE CRUDE

NO "LIGHT ENDS"

"Light ends" evaporate. • Cause ex-
cessive oil consumption. • Have low
viscosity. • Have low lubricating
value under heat.

NO "HEAVY ENDS"

"Heavy ends" contain residual im-
purities. • Form tar-like deposit on
exhaust valve stem. • Form carbon
deposit in combustion chamber, on
underside of piston head and be-
hind the piston rings. • Cause
formation of crankcase sludge.

MAXIE MOVIES—Four new views of Max Schmeling, defender of the world's heavyweight boxing championship.

Schmeling And Sharkey To Fight Tonight

Champ' Favored To Retain Title

Expect 50,000 Fans To Witness Bout In Long Island Ring

CLAIM SCHMELING IMPROVED FIGHTER

MAX SCHMELING

JACK SHARKEY

By JAMES L. KILGALLAN
International News Service Sports Writer.

NEW YORK, June 21.—Max Schmeling of Germany, champion of the world, will square off tonight against Jack Sharkey, the American contender, in a 15-round bout which is heralded as one of the major sports spectacles of 1932.

Between 50,000 and 60,000 boxing fans are expected to view the battle which will be staged in the new Madison Square Garden bowl in Long Island City. The arena has a capacity of 72,000 but it was held unlikely all the seats will be occupied. The principals will climb thru the ropes shortly before 10 p. m.

The weather forecast was "probably showers and slightly warmer." In the event of rain the contest will be held tomorrow night.

Schmeling Favored.
Schmeling will enter the ring a 6 to 5 favorite in the betting. These odds will prevail even though Sharkey, in their encounter two years ago, was winning handily until the fourth round when he suddenly and unexpectedly uncorked a low left hook which struck Schmeling below the belt and lost him the fight. The German won on the floor, groaning and writhing.

Since that epochal encounter, however, Schmeling proved that he is a real champion. Last summer in Cleveland he administered a sound beating to W. L. ("Young") Stribling, a then dangerous contender. He is conceded to have improved considerably.

VINE STREET AUSTINS
Vine Street Austins defeated the Cronin Indians 12 to 11 in a game played at the Castle Field last evening. Henry Bucci featured with four runs, while the hitting of Mito with a triple was also a feature of the game.

Roger Cramer Gets Six Hits

Philadelphia American Outfielder Ties Modern Record For Hits Made By Cobb

SIX HITS IN SIX TIMES UP

By LES KONKIN
International News Service Sports Writer

NEW YORK, June 21.—Roger Cramer, youthful outfielder of the Philadelphia Athletics, occupied a niche in baseball's hall of fame today by virtue of his feat in hitting six singles against the Chicago White Sox yesterday.

Cramer led the A's to victory over the White Sox by a football score of 6 to 0. The two clubs made 44 hits between them.

The A's failed to gain on the Yanks, who triumphed over the Browns, 3 to 1, in a keen hurling duel between Vernon Gomez and Waddie Herbert.

Thanks to Buddy Myer's homer on one base, Alvin Crowder of the Senators won a 3 to 2 duel from the mighty Wes Ferrell of Cleveland.

Detroit went into fourth place, passing Cleveland, as Earl Whitehill turned back the Red Sox 6 to 4.

Cubs Are Beaten.
The Phillies, tough nuts for the western clubs to crack, got to Charles Root early and beat the Cubs 7 to 5. Chicago's lead over Boston in the National League race was reduced to two games, as the Braves nosed out Cincinnati, 3 to 2, when Whally Berger hit a single with the bases full in the eleventh inning.

Zachary and Lucas pitched. Brooklyn took fifth place as Van Mungo won a 2 to 1 duel with Bill Harris of the Pirates. Al Lopez hit a homer for Brooklyn.

The Cardinals and Giants were idle.

Ryantown Will Play Old Timers

Ryantown will play the Old Timers Wednesday evening at the Ryantown field at 6:30 o'clock. Much interest is being taken in this game. The Old Timers are boasting that they will take the measure of the youngsters, and a good game is expected. There are quite a number of fine baseball players in the Ryantown district.

How Sport Writers View "Big Battle"

Maxie Schmeling Will Win Tonight's Fight Is Consensus Of Opinion

Famous Sport Writers From All Over Country Give Opinions Of "Big Scrap"

By FRANK G. MENKE
International News Service Sports Editor

NEW YORK, June 21.—Max Schmeling will win his fight tonight with Jack Sharkey, in the consensus of sports writers of newspapers taking International News Service.

Most of those who pick the German to retain his bauble do so not so much because they reckon that Schmeling has superior skill, or a more powerful punch, but because they reckon that the temperamental, eccentric Sharkey will have his morale destroyed by Schmeling's poise and actually beat himself.

Here are the views of many of the writers:

Ed Fritz, New Castle News—"I pick Jack Sharkey, for the simple reason that I look for an upset in the dope tonight." Schmeling is good. You know what I mean."

G. H. Schertwitz, San Antonio Light—"Sharkey—because of the law of averages. It's about time a man with his ability comes through in an important fight."

A. R. Finner, Tyrone (Pa.) Herald—"Schmeling will win. Can absorb knowledge and take punishment."

Pat Frayne, San Francisco Call-Bulletin—"Schmeling should stop Sharkey this time, and then perhaps we will get some young talent among the heavies who will revive boxing. Sharkey has been kept up there for five years by beefs and fouls but he should be ready for his finish Tuesday night."

Billy Loftus, Wilkes-Barre (Pa.) Evening News—"Sharkey is my choice. He is a cunning, clever ringster, good boxer, better puncher. Schmeling is game, confident, cool but seems to lack damaging punch essential for heavyweight. Max, being a slow starter, may give Jack an opening to win within five rounds."

Al Santero, Oakland (Cal.) Enquirer—"I like the old formula 'a champion until he's beaten.' It should hold good for this fight. I'm tagging Schmeling to win—possibly by a knockout."

Ralph Wagner, Omaha Bee-News—"Schmeling, if for no other reason than that Sharkey cannot keep cool long enough to punch above the equator."

C. L. Remington, Rochester Journal-American—"I'm picking Schmeling because of superior stamina."

Harold M. Walker, Kentucky World, Covington—"Sharkey should knock out Schmeling in seven. Should it go the limit I'm still picking Sharkey."

Bud Shaver, Detroit Times—"Schmeling will beat Sharkey. Sharkey has everything except poise. Schmeling has poise, vitality and durability."

A. F. Everett, Stroudsburg (Pa.)—"Schmeling has youth, he is steady, he grows stronger as fight progresses. Sharkey, despite experience, is wild."

Wilmer D. Cressman, Norristown (Pa.) Times-Herald—"Am picking Schmeling without reservation or misgiving."

Harry Keck, Pittsburgh Sun-Telegraph—"Sharkey has the class to win, but remains same old doubtful quantity. Schmeling is phlegmatic, dogged type, which makes other men beat himself. It is a tossup, I like Sharkey on his ability, but, after being crossed up on him too often I even hesitate to pick him to lose."

Graydon F. Smart, Kane (Pa.) Republican—"Schmeling will knock out Sharkey in one of the late rounds if he is in as good condition as when he fought Stribling."

James W. Schlemmer, Akron (O.) Beacon-Journal—"Schmeling has the edge over Sharkey in mental poise, is stolid and phlegmatic and should beat the flighty, impulsive Sharkey decisively."

Sports Editor, Punxsutawney (Pa.) Spirit—"Sharkey will win decision because of superior weight, experience and boxing ability."

Bill Farnsworth, New York Journal—"I think Schmeling is a cinch and may knock out Sharkey in twelve due to the fact that my staffmen, Hypp, Igoe, Bill Corum and Burris Jenkins are picking Sharkey. They can hoodoo anybody."

Roger Pippen, Baltimore News—"Sharkey is the better boxer, just as stiff a puncher and I think he will win decision."

T. Von Ziekursch, Philadelphia News—"Somewhere during fight Schmeling will land his right hand on Sharkey's jaw. If Sharkey can take it he is likely to win. Otherwise, Schmeling will retain title."

No poverty in America? Great guns! There are families that haven't had a new dance record in six months.

HERE AND THERE IN SPORTS' LAND

Max Schmeling will defend the world's heavyweight crown against Jack Sharkey tonight in a boxing bout listed for 15 rounds in a newly built arena in Long Island. Max is favored to retain the title.

Sharkey fouled Schmeling into the championship when he is said to have landed a low left hook. Until the alleged blow won the American was winning handily. Since then Schmeling knocked out Willie Stribling at Cleveland.

This was the only battle the champion fought since winning the crown. Sharkey has fought Mickey Walker and Primo Carnera and if it were not for his displays of temperament would be given plenty of consideration by the bettors.

The German is a plodder and grows stronger as the battle progresses. Sharkey is considered a boy who can fight best when out in front. There is nothing that Max has that Sharkey doesn't have except steadiness.

The engineer of this column is inclined to favor Sharkey, providing he has no temperamental fits, gauges his strength for 15 rounds, fights a long range battle and uses the science he possesses. Otherwise it looks like Schmeling.

Alliance Team Trims Mahonings

Mahoning A. A. of the Twilight League lost a tough luck game at Alliance, O., 4 to 3 in 17 innings. The winning run was forced over the plate in the 17th inning by S. Domenick when he walked Bobby Way, formerly of the Chicago White Sox and now with Alliance. The game was tight from the ninth inning until the finish. The Mahonings tied the count in the ninth.

Domenick and Taylor went the full route and both hurled brilliant. S. Domenick and Way featured with homers. Crile hit a triple and J. Piccaro hit a double. The Alliance team was held scoreless for 15 straight innings by Domenick. Fielding honors went to Mash of the Mahonings who caught 13 fly balls, and missing but one. Diffley, of New Castle played left field for Alliance and had four putouts. Diffley was a big gun with the bat.

Mushball League Managers To Meet

New Castle mushball league managers will have an important meeting at the "X" Wednesday evening at 8 o'clock sharp, according to an announcement today by President Arnold "Big" Fraser. It is imperative that all managers attend.

Matters of importance to the second half of the league will be taken up for discussion. Indications are that two of the teams in the league are going to drop out, the Higgins and Ind. Merchants, and it is the intention to have a fast six or seven team league for the second-half, and with the players from the dropping teams catching on with one of the other clubs. However, this is only conjecture, but nevertheless this matter is going to get a lot of attention Wednesday evening at the Y. M. C. A.

New Castle Team Downs Youngstown

New Castle All-Stars defeated Youngstown, 12 to 9, Monday, at Youngstown. Prior to the defeat the Youngstown mushball aggregation had played 23 games without tasting defeat. DeCarbo, Pascarella and Banquist hit home runs and doubles were produced by Aceto, Isabelle and Turner.

Score by innings:
New Castle 320 021 202—12
Youngstown 200 050 101—9

Batteries: New Castle, B. Pascarella and T. Richards; Youngstown, Minehart and Campbell. Umpire—Mastrangelo.

Mercer Stars Beat St. Vitus Midgets

Mercer Stars won from St. Vitus Midgets 11 to eight on the B. & O. field Monday. Pearsall, J. Bullano and B. Gianchola banged out two-base hits. J. Bullano had an edge on J. Ponzino on the mound.

Muny Caddies Again Winners

Municipal Caddies Again Take Measure Of Castle Hills Caddies

By a score of 13 to 2 the Municipal Caddies defeated the Castle Hills Caddies Monday morning at the Castle Hills course. The Muny boys also won the recent match played at their own course. Jimmy Pagley and Willie Murdock tied for low gross score with 82's for 18-hole grind. Other low scorers were Mike Flack, Willie Grommes and Dave Perry. Fred Onoretta pro at Castle Hills had charge of the match.

Following are the cards of the two low gross scorers:
James Pagley, Municipal:
Out 445 455 354—39
In 734 355 556—43—82
Willie Murdock, Castle Hills:
Out 445 454 465—41
In 524 366 546—41—82

Other scores: Municipal, Mike Flack 83, Dave Perry 88, Grommes 84, M. Perry 86. Castle Hills, Frank Murdock 87, Vic Zuchowski 89, Louie Koch 101, Frank Annecello 88.

If the wets think he is lying to the dries and the dries think he is lying to the wets, he is almost an ideal candidate.

East Side Merchants To Play At Farrell

East Side Merchants mushball team will go to Farrell tonight to play the strong NeHi team, members of the Cleveland Semi-pro mushball loop. The game will start at 6:30 o'clock Eastern Standard Time. The Merchants players are asked to meet at Rose Avenue at 5 o'clock Daylight Time.

Last Saturday afternoon the East Side Merchants topped the Cunningham A. C. 11 to 8 in a fast and well played game. Hamilton featured with a home run. Mack and Jones also hit good for the Merchants. For games with the Merchants call 9445 and ask for Harry.

Umpires Assigned To Twilight Games

President Bishop of the New Castle Umpires' association today named the following umpires to handle the Twilight league games for tonight:

American League.
Ryantown vs. West, Pittsburgh.
Bert Price and Mahall.
Lawrence Indies vs. Hillsville, Minnor and Jones.

National League.
South Hills vs. Union A. A., Bishop and Guinaugh.
Volant at Cloverleafs, Kellar and Ross.

COURT STREET MIDGETS.
Court Street Midgets set the McCarthy A. C. back 19 to 6 in a game played at Elders Field Monday morning. Joe Johnson, McCandless and Dinsmore led the hitting for the Court street team, with Michaels having the only hit for the losers. Stevenson was the pitcher for the winners.

M. & D. MIDGETS WIN.
M. & D. Midgets won from the Brown A. C. 4 to 3 in a mushball game played at Dean park Monday morning. DeRoss on the mound for the winners allowed but six hits and fanned six men. Stanley was the pitcher for the Brown A. C. team and was found for eight hits.

Local Aggregation Is To Meet Thursday
New Brighton, runner-up for first place in the Beaver county circuit, and Scarazzos, leaders in the Lawrence county loop, will clash at 6:30 p. m. D. S. T. at Centennial field today. Due to the inter-county prominence of both teams there will be a big crowd to witness the setto.

The Scarazzo outfit will rest Wednesday and take on the Pittsburgh Crawfords, sensational colored aggregation, Thursday at Centennial field. The game will start at 6:30 p. m. D. S. T.

The Crawfords have broke even with the Homestead Grays in six games and have one of the niftiest lineups in baseball. Oscar Charleston pilots the Crawfords. Satchell Page, Roy Williams or Sam Streeter will pitch for the Crawfords. It is likely Paul McCullough will hurl for the Scarazzos. If he does "Speed Ball" Satchell may oppose him.

Josh Gibson, said to be the hardest hitting colored boy in baseball, will be in the game, and Chester Williams, pride of the south, will cavort at short.

MAN TO MAN

—A STATEMENT BY THE GILLETTE SAFETY RAZOR COMPANY

IN its recent confession the Gillette Safety Razor Company told you that, under the stress of introducing a new razor and blade, uniformity had suffered; and told you how our efforts to correct the trouble had resulted in the development of a far superior product.

Several readers have asked us how we can make the bold, positive statement that today's Gillette blades are the **sharpest, smoothest-shaving blades we have ever produced.** This is a fair question, and here is our reply: A marvelous new testing machine, recently developed, scientifically proves that these blades have never before been approached in keenness.

We cannot discuss the nature or details of this machine because it is being patented. But we can tell you that it measures microscopic dimensions with unflinching accuracy—revealing with mathematic exactness, actual degrees of razor-blade sharpness.

So when we state that today's Gillette blades are the **sharpest we have ever made** we are basing our assertion upon

fact. We know we are right and can prove it. Further than this—everyone knows that a razor blade must be able to bend without cracking when tightened in the holder. This requires steel of a certain temper not suitable for a keen cutting edge. The problem is to permit flexing and yet have a hard edge that can be ground and stropped for proper shaving performance. Gillette has achieved the solution of this problem in the manufacture of its slotted blades.* These blades are made by a special tempering process that makes the edges exceptionally hard, while the center, of a different temper, flexes easily.

We urge you to try today's Gillette blades—the regular blade in the familiar green package or the **BLUE SUPER-BLADE** in its blue package. Cellophane wrapped. Do so without risking a cent. If you don't agree they are the sharpest, smoothest-shaving blades you have ever used, return the package and your dealer will refund your money.

The Gillette Blue Super-Blade

The \$2 Kroman De Luxe blade has been withdrawn from production. We offer the Blue Super-Blade as its successor. This sensational blade is far superior to the Kroman and costs considerably less. You pay only a few cents more than for the regular blade and get unmatched shaving comfort. Its extraordinary shaving performance will convince you that the Blue Blade is the **sharpest ever produced.** A blue color has been applied to the blade for easy identification. It is contained in a blue package, Cellophane wrapped.

Stock Market Listless Today

Changes in Prices Are Only Fractional in Early Trading

(International News Service)
NEW YORK, June 21.—The stock market today set out to rival yesterday's listless session which was the smallest day in 8 years. Leaders like U. S. Steel, American Can, American Telephone, Allied Chemical and Consolidated Gas hovered around last night's close with changes only fractional.
Rails failed to attract any buying. Oils were firm and other groups were listless.
B. M. T. was stronger following omission of the dividend yesterday. Other markets improved. Wheat was firm despite a lower trend in Liverpool while Cotton worked higher. Bonds were better with German Obligations going to a new high for the move.

V. F. W. Auxiliary Delegates Return From Convention

President Woods Is Accorded
High Honors At Hazelton
Convention

Delegates of the Ladies' Auxiliary to Harry L. McBride post, No. 522, Veterans of Foreign Wars, to the state convention held at Hazelton, Pa., have returned home and report a wonderful gathering and a most delightful time.

Those attending as delegates were Mrs. Ada Miller, Mrs. Reba LaRue, Mrs. Tempa Stickle, Mrs. Maude Nolen, Mrs. Floss Potter, Mrs. Adella Evans and Mrs. Evelyn Woods, the latter also being president of the auxiliary.

President Woods was accorded unusual high honors at the convention, having the honor of being acting conductress of the encampment and also being appointed patriotic instructor for the coming year for the state department. She was also flag bearer for the department of Pennsylvania in the monster parade that featured the affair.

Mrs. Floss Potter of this city and Mrs. Twila Bolt of Sharon, color bearers for the past year of the department, also participated in the parade with the colors. Mrs. Bolt was also honored in being elected conductress of the department for the coming year.

Refuses New Trial In Long Auto Case

\$5,000 Verdict Obtained By
Ellwood City Young Wo-
man Against New Cas-
tle Man Stands

In an opinion handed down at court this morning Judge R. L. Hildebrand refused a new trial in the case of Mabel B. Long of Ellwood City against James Sakleson of this city. The case grew out of an automobile accident on September 23, 1928.

Miss Long was riding toward Ellwood City with C. E. Elliott. There was a car driven by a man named Lovejoy of New Brighton immediately ahead of them. When near the Smiley gas station the car of Sakleson approached from the opposite direction. It is claimed the Sakleson car was swerving. It side-swiped the Lovejoy car and then struck the car in which Miss Elliott was riding. She was thrown forward against the windshield and severely injured.

At the trial of the case the jury awarded her a verdict of \$5,000. The defense asked for the new trial, which has been refused. This means the verdict will have to be paid.

Motorists Must Obey Traffic Light Regulation

Mayor Plans To Protect Pedes-
trians From Careless
Motorists

Motorists who persist in running red traffic lights, starting on the yellow traffic light or making left hand turns, where such turns are prohibited, may expect no leniency. Mayor Charles B. Mayne announced this morning.

There is no excuse for motorists in violating these regulations, the mayor said and he plans to have the motorists taught a lesson they will not soon forget, unless there is some indication that the motorists have paid heed to this warning and try to live up to the traffic regulations here.

According to the mayor, violation of these three regulations by motorists, the most of whom have no place in particular to go and have no need of hurrying, is very dangerous for pedestrians, whose rights, the mayor plans to take proper care of during his administration.

HIGHLAND TROOP TO VISIT SCOUT CAMP

Highland United Presbyterian Boy Scouts, members of the congregation-backed Troop 18, will go to Camp John M. Phillips this evening to cook their own suppers, and to participate in a baseball game and swim later. They will leave the church at 6 o'clock.

Scoutmaster Ralph Davis, Assistants Orr and Griffiths and Troop Committeeman L. A. Fehl will supervise the trip.

Several scouts are to pass their fire building and cooking tests. Other tests will also be given.

Swick Votes For Furlough Plan

Reed And Davis Also Support
Payless Furlough Plan
For Economy

By ARTHUR C. WIMER
Special Washington Correspondent
New Castle News

WASHINGTON, D. C., June 21.—Representative J. Howard Swick voted for a payless furlough for government workers as a substitute for a wage cut this week when the house of representatives accepted the furlough at the insistence of the senate.

In writing the economy bill, the house prescribed a reduction of ten per cent in all federal salaries in excess of \$2,500. It rejected the furlough. The senate, in considering the economy measure, refused to accept the wage cut and wrote an amendment requiring all federal workers receiving in excess of \$1,200 a year to take a thirty day payless vacation.

The house this week voted to accept the furlough plan as a substitute for the wage cut and at the same time lowered the exemption level from \$1,200 to \$1,000. Representative Swick voted for this furlough substitution.

In the senate, both Senator David A. Reed and Senator James J. Davis supported the furlough.

New Chair For Chief Of Police

For the past several men, who have been chief of the police department of the city, there has always been one thing that has proven of considerable discomfort to them and that was the chair, designated as the chief's chair.

For some long time, the chair, a heavy old fashioned office chair, has been in such condition, that if the person seated in it did not watch himself, he would be precipitated to the floor.

Now along with the new chief of police, it has been decided that there should be a good new chair for him to use in his private office and the purchase and installation of the same will be made at once.

**DR. McCURE, WIFE,
ENROUTE FROM WEST,
WILL GET RECEPTION**

Sunday school classes at the First Presbyterian church, North Jefferson street, will join in a special reception program marking the return of the congregation's pastor and his wife, Dr. and Mrs. Walter E. McClure, during the regular Sunday school hour on Sunday, June 26. It was announced today.

The pastor and his wife, now enroute home from an extensive sojourn in the west, are expected here either Friday or Saturday of this week. They were to have left Los Angeles on Monday.

Superintendent W. C. Anderson and his aides plan to greet the pastor with a banner school attendance.

Petition Presented To Open Judgment

In the case of Gertrude Gilles against Frank and Stella Benkowski, defendants presented a petition at court this morning asking that a judgment obtained before Alderman Richard R. Lewis be set aside, and that they be let in to a defense. It was claimed that they were told at the hearing before the Alderman that the case had been decided in their favor, but later they learned that it had not, and that an execution had been issued. Judge Hildebrand issued a rule on the plaintiff to show cause why the prayer of petitioners should not be granted.

Must be a great relief to a defeated candidate to reflect that he doesn't have to keep the promises he made during the campaign.—The Toledo Blade.

Some News, Some Views, But
Mostly Just Observations
Of Interesting Things
Around New

Ordinarily a young lady has about as much desire to get splashed by a passing automobile, as she has to develop a wart on her nose. In these days of sheer hose, one splash and they look as though the hose has developed spotted fever.

So when a young lady invites you to drive in close to the curb so she can get splashed, it's worth a line. Which is what happened Monday afternoon during the heavy rain. The gutters were running high on Highland avenue. A young lady stood on the curb, several of them in fact, in company with a group of young men.

Driving down the street motorists were invited by a wave of the hand to drive in close to the curb and splash all they could. The young lady was about eight years of age and the young men about six. Just a new way of getting a shower bath.

Farther up the street the youngsters were lying in the running water, getting as much kick out of it as though they were surf bathing near the Steel Pier in Atlantic City. Which wouldn't be a bad place to be, these days.

A correspondent writes in to inform us that Gobbler's Nob is out in Shemango Township, and is just plain Turkey Hill. Mebbe so, Montclair, but there must be a genuine Gobbler's Nob somewhere in the county.

Some of the boys who sell tires for a living are complaining that the jobbers unloaded on them during the past two weeks. The argument used was that the motoring public would work themselves into a frenzy getting tires before the new tax went on.

Warehouses were cleaned out, factories speeded up and all the dealer needed to complete the cycle was to have a crowd of cash customers on his doorstep waving money in their hands to get tires. They didn't do it, at least not much and the dealers now have a flock of rubber on their hands. So what.

This column has never offered any cures for the depression. But it does seem to us that one of the ways it will be cured will be through the sort of co-operation seen a few days ago when a filling station and farm was transferred.

Chap has a filling station he wants to sell, and it is surrounded with a small farm. A buyer wants the place but has no money. Seller agrees to take so much for the place, no cash payment down but a stipulated sum of money monthly, or an article of agreement, after the buyer has been in a month.

The buyer will work the acreage around the station, the kids will help with the work, and the wife will operate the filling station. The deal was put through and nobody got any money out of it, not even the lawyers, but everybody got a lot of satisfaction.

Lincoln-Garfield Outing On July 10 At Harding Park

Annual outing for the members of the Lincoln-Garfield club and their families will be an event of July 10. As in former years, it will be held at Harding Park, near Hubbard, O. Transportation will be provided for all those without means of their own to get there.

A fine program of sports will be provided for the occasion, also other means of diversion for the many students of the Lincoln and Garfield schools between 1900 and 1911. Invitations will be sent those students residing outside the city. Those in the city are expected to attend without an invitation.

VETERANS MUST RENEW INSURANCE

Advice has been sent out by the U. S. Veterans Administration that five year convertible term insurance policies held by World War veterans will expire shortly, and they are urged to either renew or convert their policies within the next few weeks.

Forms are available at the office of the Lawrence County Chapter, American Red Cross, for this purpose. In renewing or converting policies, veterans are urged to accompany the application with a month's payment, so that in the event of a delay in considering the application, which might be rejected because of ill health, the insurance would be protected.
